

Cognitive Map

Creating Metaphors

1. What concept or idea (Element #1) do I want to describe that a metaphor can express?

2. What can I say (key characteristic) about the idea or concepts that could be a basis for the metaphor?

3. Brainstorm a list of objects/activities that have the same elements?

4. Choose one. Check your work with the list of key characteristics.
 - Does it make sense? (check with the key characteristics)
 - Is it misleading?
