## Creating Metaphors

What concept or idea (*Element 1*) do I want to describe that a metaphor can express?

What can I say (*key literal detail*) about the idea or concept?

What things (*Element 2*) have these key ideas?

Check the work- *Element 1* is like *Element 2* because (*key literal detail*)

Does the Metaphor make sense?

Are there any differences between the two ideas that make the metaphor misleading?
