

Core and Your Minor

Some Core Knowledge Area Requirements can be satisfied by virtue of completing a minor program of study, given the extensive work a student must do in a knowledge area in virtue of a minor program of study.

The following concern only core requirements, and not minor requirements. Please see your minor advisor for details about your minor requirements. See also:

This is an incomplete list of how Core Knowledge Areas are satisfied by minors across campus. If you have questions about how a minor not listed will satisfy Core Knowledge Areas, please contact the Core Office at core@luc.edu
