# BP America/ Loyola Scholars Program

**Presented by  
Loyola University Chicago's Center for Science Education,  
BP America, and Chicago Public Schools**

**Providing teachers the opportunity to take a summer course in Loyola University's  
Grade 6-8 Science Endorsement Sequence.**

**Tuition is fully subsidized through contributions from  
BP America, Chicago Public Schools, and Loyola University Chicago.**

The Loyola University's Center for Science Education Grades 6-8 Endorsement Program:

- Offers specially designed graduate credit courses for teachers taught by full-time Loyola faculty.
- Courses will count toward a new Master's in Science Education to be offered by Loyola University.
- Program participants may choose one of two courses, The *Nature of Science* OR *Earth, Environmental and Space Science*, each offered July 26-August 6, 2004, 1:00 - 5:00pm at the Lake Shore Campus.
- Summer program includes special enhancement activities, which will address areas of current and important scientific research and new issues in science education.
- Tuition subsidy may be available for an additional course offered in Fall, 2004.
