Course Title and Description of Course:

Please answer all of the following questions (a two to three page proposal is appropriate):

1. How will the philanthropy component enhance your course?
2. How will the philanthropy component be integrated into the course subject-matter?
3. How (practically and analytically) would the philanthropy component create or enhance student engagement in the community?
4. How would the grant-making process be designed and executed by your students?
5. What are the prospects for long-term sustainability of the project beyond the funded semester?
6. What methods would students use to evaluate their grant-making experience?
