Membership on an editorial board	1

1. Points to be negotiated with the chair, based on the nature of the project. For example, is the bibliography annotated? Does the edition involve significant textual research and editing?

2. Points to be negotiated with the chair, based on amount of revision involved in producing the new edition.

3. Points to be negotiated with the chair, based on the following considerations:

(1) Amount of labor involved in the project relative to others on this list.

(2) Extent to which the project constitutes a scholarly activity and involves external publication.
