

Questions for Paul Sereno' s talk

Answer each question completely in proper essay form. Your total document should run 2 - 4 pages in length. You may write more if you wish. If you use sources, please be sure you cite them fully using any standard citation format (such as APA, MLA, Ap.J., etc.).

1. Describe the single most important thing you learned from Dr. Sereno' s talk. Describe how you can use this information in your classroom.
2. What did you take away from the talk that you can share with your students. In particular, I am interested in any "take away messages" that are not strictly fact based (in other words, something other than "I learned about a cool new dinosaur").
3. Describe any elements of Dr. Sereno' s talk that will help you assist students in the academic challenges they face. Provide one (or more) specific examples of student challenges and how Dr. Sereno' s talk gave you insight or motivation to deal with them.
