

## **Alert: E-Mail Scam**

Some members of the Loyola community have reported receiving e-mails from an organization named **Credit Union 1**, alerting them that their "account" has been used by an unauthorized person. The e-mail then asks individuals to authenticate their account information within the next 48 hours.

Please note that this is **NOT** a note from Loyola's Credit Union, nor does it have anything to do with them. This is an e-mail scam and the message should simply be deleted from your inbox.
