## Out with the Old, In with the New Elevators

### Join the Health Law Society!

Each year, the Health Law Society organizes events designed to raise awareness about health law related issues, inform students about career opportunities in the field, raise funds for health-related charities, and network with peers, practitioners, and faculty who share common interests. Last year, the society put alumni practicing health law in touch with current health law students, inviting them to speak about their experiences at brown-bag and career panel events. The society also organized charitable events, raising thousands of dollars for health-related causes. If you are interested in joining the health law society, have questions about the field, or are interested in pursuing the health law certificate, please talk with members from 4-6 pm at the Health Law Open House on September 3, the Activities Fair on Tuesday, September 9 or e-mail [healthlawsociety@luc.edu](mailto:healthlawsociety@luc.edu).
