## WELCOME TO CHICAGO

Chicago is the third largest city in America by population, and famous around the world as a center of international trade and business. Founded in 1837, Chicago only has a short history, but has grown fast to make it a leading city in the world. Chicago is known for many famous attractions and culture: architecture, cuisine, art, comedy, music like blues and jazz, parks, beaches, night life, universities and sporting events. Chicago is also the home town of United States President Barack Obama. Chicago has many nicknames that reflect its character, but most famous are “The Windy City” and “The Second City”.

### Halloween IS COMING...

Halloween, also known as “All Hallows’ Eve,” is a holiday celebrated in many countries on October 31st. Believed to have started in western Europe as a harvest festival, Halloween is now a festival that makes scary things into fun. Most Americans celebrate Halloween by trick-or-treating, attending costume parties, going to haunted houses, carving jack-o’-lanterns, and decorating homes.
