Second Annual Interdisciplinary Research Symposium

2009 Theme - Changing Landscapes: Global and Local

The Loyola University Graduate Student Advisory Council in conjunction with the Graduate School Alumni Association will host an interdisciplinary research symposium on **Saturday, March 21, 2009** at the Lake Shore Campus. The symposium is from 9 a.m. to 6 p.m., with a guest keynote speaker during lunch.

Last year, over 30 graduate students and alumni presented their work. You are invited to apply to present your work in the form of either an oral presentation or a poster and proposals are welcome from all LUC alumni and graduate students. Monetary awards will be given to the top presenters and posters.

The goal of the Interdisciplinary Research Symposium is to provide participants with a global appreciation for the broad diversity of scholarly research that Loyola Graduate School students and alumni have accomplished. The symposium will be organized

around the major theme "*Changing Landscapes: Global and Local*". The theme will be interpreted broadly and is viewed as a metaphor for addressing issues of change at microscopic and macroscopic and levels.

For information about the symposium and submitting your presentation, please visit

http://www.luc.edu/gradschool/research_symposium.shtml. †

Submission deadline is February 14, 2009. The symposium is free and open to the public.

AN OFFICE YOU SHOULD KNOW...

CAREER DEVELOPMENT CENTER

The Career Development Center provides a wide variety of self-assessment activities and seminars for graduate students seeking career advice, a library of job search and career planning books and websites, one-on-one career counseling, and workshops on non-academic job searches offered in conjunction with the Graduate School.

Given today's highly competitive job market, having a complete up-to-date credential file is essential to obtain interviews and assist hiring officials in confirming their decision. The Career Development Center offers credential file services for both PhD and Master's – level students. Not just reserved for undergraduate students, all of these services are available to graduate and professional students, as well as to Loyola University Chicago alumni.

Individual meetings with a career advisor can be used to discuss any career-related topic, including exploration of industries and jobs, resume and CV assistance, self-assessment reviews, networking, and salary negotiations. You can schedule an appointment by calling 773.508.7716 or use their walk-in hours during the academic year. Career counselors will keep your visit and your conversations confidential.

Visit the Career Development Center website at <http://www.luc.edu/career/>. ✦

GRADUATE SCHOOL INITIATIVE...

THE SECOND ANNUAL DISSERTATION BOOT CAMP/INTENSIVE WRITING WORKSHOP

Need some assistance in scheduling time for your writing? Need a little 'kick' to get you going? Think about participating in the Graduate Schools' Boot Camp/Intensive Writing Workshop – a week-long, all-day program offered this summer to support you in completing your dissertation. The boot camp will be run by Dr. Dina Berger of the History Department.

- Participants in this workshop will get a taste of completion while working in a group environment that is meant to be both motivating and supportive.
- Participants will take away the work habit of designating specific time in a day to writing. The sometimes painful but mostly rewarding process of writing is as much a habit as exercising or procrastinating.
- Participants will engage in a schedule and in a writing method that, if practiced well after the workshop, will result in a completed doctorate.
- Participants will come to the workshop prepared to put fingers to keyboards in order to reach a specific goal: complete the dissertation proposal (in draft or final form) or complete a dissertation chapter (in draft for final form).

This Workshop is open to all Graduate School students from every discipline.

More information including how to apply and specific days/times for the workshop will be announced in February on the Graduate School website.

ALPHA SIGMA NU AWARD

Alpha Sigma Nu is the international Jesuit Honor Society. It is the only honor society at Loyola University Chicago that inducts members from every college or school of the university. Membership in Alpha Sigma Nu is one of the highest honors a Loyola student may receive.

All those invited to apply for Alpha Sigma Nu must be Loyola students *at the time of the induction ceremony* in early fall 2009. As a result, students completing their degree requirements in spring or summer 2009 are not eligible. All graduate students must have completed 50% of their degree requirements.

The primary qualification for membership in Alpha Sigma Nu is scholarship. The students who are invited to apply for membership must be in the top 15% of their class. Secondary qualifications for Alpha Sigma Nu membership are service and loyalty. Loyalty means a demonstrated commitment to Jesuit ideals of higher education -- intellectual, moral, social and religious. Service means a proven concern for others demonstrated by activities in support of the institution or the community.

The cost for the AΣN initiation, medallion, and personally engraved pin is \$75.00. The spring deadline for submitting applications for Alpha Sigma Nu will be announced in the next newsletter in April and on the Graduate School website.

Dean's Office Updates:

- The Council of Graduate Schools (CGS), over the last four decades has been the national voice for the graduate dean community. CGS is the only national organization in the United States that is dedicated solely to the advancement of graduate education and research. The 48th Annual Meeting in Washington, DC took place in early December with four Loyola Graduate School staff, including Dean Samuel Attoh, Associate Dean Patricia Mooney-Melvin, Assistant Dean Jessica Horowitz and Graduate Student Life Coordinator Marcela Gallegos attending workshops, plenary sessions, and networking receptions.
- Dr. Nicole Lassahn, former Assistant Dean of the Graduate School, has left Loyola to pursue other career interests. The Graduate School would like to thank Nicole for her many years of dedication to the betterment of graduate education at the university. †

We invite you to send us information that you think should be shared – an outstanding student, faculty mentor, research initiatives and anything else that helps us improve how we spread the word about graduate education at Loyola.

*The next edition will be published on April 17, 2009. **Send in your submissions by April 10th.** You can send information to gradnewsletter@luc.edu.*
