LOYOLA UNIVERSITY CHICAGO

Graduate School of Business

Effective Summer 2011

Personal Academic Plan

Student Name: _____ ID: _____

Prior to beginning the Advanced Leadership Core or concentration/ general elective courses, students should submit an academic plan for their intended advanced leadership core and elective courses. This brief, non-binding plan should identify the student's career goals and explain how the chosen advanced leadership and elective courses support those goals. Please submit to the GSB Office.

To complete the Advanced Leadership Core, I plan to take courses that will assist me in my plans to start my own business. Therefore, I've chosen the Entrepreneurship concentration and plan to take some of the following courses to strengthen my overall business knowledge

MARK 468 - Internet Marketing (to help establish my web presence)

HRER 429 - Human Resource Development

Since the Entrepreneurship concentration only requires three courses, I will take one of the following MGMT classes (MGMT 435, MGMT 477, MGMT 482, MGMT 483, MGMT484) and ISOM 484 as part of my ALC requirement.
