<td><strong>Recent Activity:</strong> 1) Implemented automated interface that grants students access to secure areas in Dept. of Fine &amp; Performing Arts based on the students’ course enrollments in LOCUS. The process runs daily and adds and removes access based on current enrollment status, and the start and end dates for the term. Notified sponsor that we can implement this functionality for additional departments, need add’l requirements; 2) Defining functional and technical requirements to automatically populate PINs in Maxxess, and to provide a self-service option to change it, thus further reducing the amount of manual intervention needed to update Maxxess. <strong>Next Steps:</strong> 1) Await further input for additional departments to automate granting and revoking door access based on LOCUS enrollments; 2) Implement the automatic population and management of PINs in Maxxess; 3) Meet with clients to discuss priorities for next steps for Maxxess projects.</td>

Next Steps: 1) Complete internal testing and User Manual, and provide to clients for User Acceptance Testing. 2) Plan for load of data for all buildings using student workers. |
| RMS Mercury Upgrade (PSS1891)                                          | Student Development      | Adams       | Green | Green   | **Recent Activity:** RMS Mercury 2.0 installed in Production in July. Some issues caused by new servers – resolved within one week.  
Next Steps: Planning regular meetings with ITS and Res Life for Mercury template development and rollout. Check-in and Meal Plan are two possible areas of use. |
| Lawson - Retirement Vendor Switch (PSS 2120)                           | HR (Meister)             | Dayton      | New   | Lime    | **Recent Activity:** The upcoming change in the University’s master administrator for the Defined Contribution Retirement Plan requires development of multiple new interfaces in and out of Lawson. Working with Transamerica to define requirements for census and remittance files that will be provided to TRS. Collaboration with LUMC IT is critical as they will need to code similar interfaces for LUMCP personnel.  
Next Steps: 1) Finish requirements and complete tech spec; 2) Begin development and testing; 3) Finalize timeline with TRS. |

Had previously provided RFP document for HR to send to vendors. Emphasis has been on ePAFs versus Performance Management System.  
Next Steps: Await feedback from HR on next steps.                         |
| 25Live Decentralized Scheduling for Multi-Purpose Rooms (PSS 2103)     | T. Kelly                 | Adams (Jarrin) | Green | Lime    | **Recent Activity:** 1) Identified potential users/schedulers for 25Live; 2) CollegeNet Consultant on-site for 3 days to configure and secure de-centralized scheduling and workflow proof of concept; 3) Obtained Preliminary Ancillary Service Providers List; 4) Completed 25Live future state workflow process; 5) Project health improved from Yellow to Lime. On August 4th, the 25Live team met and informed the Sponsor /Executives that project will take longer than anticipated due to larger work-tasks, number of risks and staffing constraints with Campus Reservations. The Executive team agreed to work with the new projected overall timeline:end date (6/18/2015); 6) Campus Reservations continues working the tasks to complete the Piper Hall pilot.  
Next Steps: 1) Campus Reservations complete Piper Hall, target by 10/1; 2) Team to analyze the results of the Piper Hall pilot and further extend the next project milestones. |
| Website to Self Identify a Disability and Protected Veteran Status (PSS 2085) | HR (D. Meister)          | Heckel      | Green |         | **Recent Activity:** Developed website to allow faculty and staff to self identify a disability and protected veteran status. Provided development site to HR for their review, and they will also have General Counsel review.  
Next Steps: Await client feedback; modify site if needed, and deploy to production. |
| Prospect Management Data Mart with Self Service (PSS 2090)              | Vavarutsos/Simmons       | Complete    |       |         | **Recent Activity:** Completed on September 5th  
Next Steps: 1) Complete documentation of data mart in the shared WIKI; 2) Complete additional security for users outside of PMR group; 3) Define Phase 2 project. |
