Loyola University Chicago School of Law is committed to the Jesuit tradition of service to others. Your first opportunity to participate in a service activity as a Loyola University Chicago School of Law student is during orientation week, on Wednesday, August 16th.

If you are interested in participating, please provide the information requested below. You can simply email the information or use the form and scan and email it. Please respond by email to Carrie Seleman at cseleman@luc.edu by Monday, July 17th, 2017. Earlier responses are much appreciated for planning purposes. If you are uncertain of your schedule for August 16th, please sign up, indicate your uncertainty, and please stay in touch with us.

**How much time? And, how do I get there?**
You will usually participate for about four hours and you will usually travel by CTA. Details about the Wednesday service activities/assignments will be provided at a later date. For your planning purposes, the time commitment will be between three - six hours. Most activities last about four hours, including transportation. Your group will probably depart from Loyola Law around 9 a.m. the morning of Wed, August 16th. Loyola will either provide transportation to the site or will ensure that the site is accessible by some form of public transportation and provide a Ventra card. (If you have your own Ventra card, please bring it with you and let us know that you won’t need one.) Also, if you can avoid scheduling something for early afternoon on August 16th, that will help you be more flexible and allow you to enjoy the day more. (In the past, some groups have had to rush back for dentist appointments or “the cable guy.” You will be back later in the afternoon, but, you will enjoy your time more if you don’t have a tight schedule.)

**Where will I go?**
It depends. Some of the sites for August 16th are organizations where you may want to volunteer during the school year. Others are one-time only opportunities for August 16th. Most, if not all, are in the city.

Please tell us your interests and experiences below. The information from you and your classmates may be helpful in selecting sites. Do keep in mind that we are not always able to place volunteers according to each person’s background or interest. After the school year starts, we are happy to work with you to connect you with an experience that is of particular interest to you.

**With whom will I work during the Day of Service?**
In addition to being an opportunity to serve others, the Day of Service is also an opportunity to meet and work with other 1Ls and to learn about law school from 2L or 3L coordinators who will accompany you. No matter where you are placed, we hope that you enjoy meeting and working with fellow law students.

**Are there other public service opportunities?**
Yes! If you are interested in learning about more public interest/public service/social justice opportunities, we would like to share your email address with student organization leaders who are planning various public interest events this fall. You may check below whether you approve of our sharing your email.

Thanks in advance for your interest.
