About the Facilitation Team:
At the core of the Outdoor Experiential Education team is the student facilitators. This dedicated team of students is trained and equipped to deliver the program’s experiences (clinics, workshops, challenge course experiences, 1st year orientation experiences, campouts, etc). Through the OLW, apprentice facilitators gain the necessary knowledge, skills and abilities to effectively lead outdoor adventure education experiences. That’s right, NO EXPERIENCE IS NECESSARY. All that is required is the willingness to take a risk. Completing this workshop is one path toward employment as a student facilitator. More information about Ramble Outdoors can be found at www.luc.edu/oee.
