Special Announcement

Loyola Bike Commuter Challenge Pit Stop
Learn More, Get Ready AND Register

Celebrating the Annual Bike Commuter Challenge
(aka Bike to Work Week)

May 22 and 23, 8:30 am to 10:00 am
Loyola Bike Commuter Challenge Pit Stop
SW lawn of Cudahy Science Building
Rain Location: Quinlan LSB Main Lobby
Lakeshore Campus

Stop by the Loyola Pit Stop on May 22 or 23rd to learn about the annual Bike Commuter Challenge (aka Bike to Work Week) and how you can join other Loyolans for a week of commuting to campus by bicycle. This will give you plenty of time to put air in the bike tires and grease up the chain - the Challenge officially starts June 8th.

If you don't see us on the sw lawn of Cudahy Science Building, we will be in the main lobby of Quinlan LSB if weather conditions bring rain during the Pit Stop schedule.

At the Loyola "Pit Stop" you can:

- Learn about the Bike Commuter Challenge and get registered
- Register your bike with Campus Safety
- Get help on how to prepare for the bike commute to campus
- Consult with experienced commuters to identify best bike commute routes to/from campus
- Learn safe bike riding techniques
- Get maps, tips and tricks
- Learn about incentives from the "Drivelesslivemore" campaign to log commutes and win prizes

Drive Less Live More and the Bike Commuter Challenge is brought to you by the Active Transportation Alliance.
The Bike Commuter Challenge is a great way to celebrate the region's Bike to Work Week, June 8 - 14, 2013.

- **Sign up** with Loyola's team and join us!

**Questions? Contact**
- Gina Lettiere [glettie@luc.edu](mailto:glettie@luc.edu)
- April Whitworth [awhitworth@luc.edu](mailto:awhitworth@luc.edu)

The **Loyola Pit Stop** on May 22 and 23rd is a collaboration of Loyola colleagues and students working together to educate and promote non-vehicle modes of transportation to campus.
