Then, transition to Chicago with your group of friends to finish your degree. Loyola is a diverse university, made up of students representing over eighty countries. As a Loyola student, you will benefit from all the services and amenities the university has to offer—orientations, first- and second-year advising, residence life support and residence halls, career services, and recreational and sports facilities.

DISTINGUISH YOURSELF as one of the select students to attend Loyola University Chicago’s Rome Start Program. Start the program as a freshman, studying Loyola’s unique curriculum at the John Felice Rome Center on the Monte Mario hill in Rome, Italy. You’ll be closely supported by faculty and staff to help ensure your future success in Chicago. In addition, you’ll benefit from internship opportunities in Rome, many of which are tied to our commitment to social justice.
Loyola’s Lake Shore Campus rests at the edge of Lake Michigan and offers state-of-the-art student facilities. 

Back in Chicago, Loyola will give you exciting opportunities for hands-on learning. Internships, research, and community service will get you outside the classroom and working with non-profits and Fortune 500 companies. National sports teams, pharmaceutical firms, and software companies—when it comes to real-world experience, Loyola has you covered.

The John Felice Rome Center is a close-knit community. You’ll join more than 200 students from around the globe. Classes seldom exceed 22 students, and students gather for traditional meals, cookouts, and faculty-led weekend excursions to destinations like Pompeii, Tuscany, and Sicily. All courses are taught in English, except for Italian language courses. The Rome Center is infused with new and renovated facilities, including one of the most technologically advanced libraries in Rome.
