PREFACE

This descriptive inventory is the second in a series of finding aids describing the records created by the American communities of the Religious Hospitallers of St. Joseph's St. Joseph Province.

Similar finding aids were prepared by Archivist Paul Banfield for the Province's Canadian communities of St. Catherines, Ontario, and Chatham, New Brunswick, in 1987 and 1989 respectively. An inventory for the community of Cornwall, Ontario was completed by Archivist Michele Chittenden in 1991. Archivist Heather Gordon completed an inventory for the Antigo, Wisconsin community in 1993.

It is the aim of St. Joseph Province Archives to prepare similar finding aids for the American communities of St. George Hospital, Chicago; New London, Wisconsin; Hartford, Wisconsin; and Polson, Montana. As was the case with the St. Bernard community, archival material from each of these American houses has been transferred to the Provincial Archives at Amherstview for arrangement and description. With the completion of each inventory (the exceptions being those for St. George, Hartford and Polson), the material will be returned to the local archives at its place of origin.

ADMINISTRATIVE HISTORY:

In 1902 Father Bernard P. Murray, the pastor of St. Bernards' Church in Chicago, approached the Archbishop of Chicago, His Eminence Joseph P. Quigley, regarding the foundation of a Catholic Hospital in the Chicago neighbourhood of Englewood. Upon obtaining permission for the venture, Father Murray contacted the Superior at Hotel Dieu Hospital in Kingston, Ontario, and requested the services of the Religious Hospitallers of St. Joseph. On 21 November 1903 seven sisters, led by Mother Anne Hopkins as Superior, arrived in Chicago to begin the new mission. The Sisters took up residence in a convent located at 64th and Harvard, from which they began the tasks of gathering supplies for the new hospital and raising money for the construction of a new hospital building.

Despite a fire in 1904 which destroyed the convent, the sisters saw the completion of the hospital on 21 November 1905 and the establishment of a school of nursing in 1906. In 1920 they purchased land in what is now Palos Heights for the foundation of a novitiate. In 1924 a new convent was completed at 6320 South Yale Avenue.

Until 1949 the St. Bernard Community, like the other well established houses of the congregation, remained autonomous. In October 1949 the English speaking houses of the congregation voted to unite under a Generalate with the motherhouse located in Kingston, Ontario. In 1953, the congregation's three Generalates amalgamated into a single Generalate (located in Montreal), which administered the business of three separate provinces. The St. Bernard Community belonged to the English speaking St. Joseph Province, based in Kingston. With the adoption of the Generalate and the creation of the Province came a change in records keeping. Prior to amalgamation, the Community had conducted its affairs in relative isolation; following amalgamation, the records reflect the Community's need to consult with administrations at the General and Provincial levels.¹

CUSTODIAL HISTORY:

The records comprising the St. Bernard Hospital Community fonds follow two custodial paths. Most of the records in the fonds were transferred to the local

¹Compiled from Sister Margaret Morrissey, "The Story of the Religious Hospitallers of St. Joseph : the arrival of the sisters in Chicago," St. Bernard Viewpoint (July 1976): 8-9 and "A short history of St. Bernard's," St. Bernard Hospital Community fonds, series 11.00.00, file 11.04.02.

archives at St. Bernard Convent following preliminary appraisal work in 1978, 1980, and 1985 by Sister Loretta Gaffney, Provincial Archivist, in 1988 by Sister Gaffney and Paul Banfield, Archivist, and in 1989 by Sister Gaffney and Archivist Michele Chittenden. Sister Gaffney returned in June 1992 with Heather Gordon, Archivist, to prepare the records for shipment via United Parcel Service to Amherstview for arrangement and description. At Amherstview, the records were accepted as accession 92.40. Approximately 70 cm of the fonds, however, had been in the custody of St. Joseph Province Archives for a number of years. This material had been arranged by Paul Banfield and described by him in file list 84.10.

SCOPE AND CONTENT:

This fonds consists of the records created and received by the St. Bernard Hospital Community between 1903 and 1992. Close examination of accession 92.40 revealed that it contained the records of three different organizations, and, thus, three separate fonds: St. Bernard Hospital Community, St. Bernard Hospital, and St. Bernard's School of Nursing. The records described in file list 84.10 originated from these fonds. Consequently, all the records belonging to the Community fonds were reunited, and, since original order was impossible to reconstruct, divided into series and subseries based on documentary form.

The fonds consists of 12 series and 23 subseries: Correspondence (Superior's correspondence, Superior general's congregational letters and circulars, Provincial Superior's community letters and circulars, Office and community letters), Minutes of meetings (Minutes of local council meetings, Minutes of local community meetings, Minutes of special provincial council meetings), Proceedings and reports (Chapter and assembly proceedings and reports, Workshop and conference proceedings and reports, Quinquennial reports, Visitation reports, W.I. Christopher reports), Manuals, Installation and election registers, Novitiate registers (Investiture and profession registers, Canonical examination registers, Postulant register), Annals, Invitations and other material, Photographs, Scrapbooks, Reference (Congregation histories, Histories of Hotel Dieu Montreal and its foundations, Histories of the founders and Jeanne Mance, St. Bernard Hospital and community histories, Constitutions and rules, Necrologies, Lists of sisters serving in Chicago, Statistics), Miscellaneous.

Further accruals are expected

Records relating to the St. Bernard Hospital community can be found in the Office of the Provincial Superior fonds located at St. Joseph Province Archives, Amherstview. The Archives also hold the records of the St. George Community as well as duplicate copies of some of the St. Bernard Hospital Community's records.

01.0.00 Correspondence. -- 2 October 1903-21 June 1987.

37.0 cm of textual records

This series contains correspondence created and received by the St. Bernard community's Superior, congregational and circular letters sent by the Superior General, community and circular letters sent by the Provincial Superior, and the community's own office letters and assignments.

The series is divided into four subseries

01.1.00 Superior's correspondence. -- 2 October 1903-20 February 1983; (predominant 1903-1958).

18.0 cm of textual records

This subseries contains letters, telegrams, permissions, copies of legal documents, invoices, and greeting cards created and received by the Office of the Superior of St. Bernard Convent and relating to various spiritual, temporal, legal, and canonical matters concerning the St. Bernard community.

Approximately two thirds of the files in this subseries previously were described in file list 84.10 as part of series I/1.a (Correspondence), series I/1.c (Community - legal / canonical affairs), series I/1.e (Clergy / Archdiocese of Chicago), and series I/1.f (Missions)

Title based on contents of the subseries

There are a number of chronological gaps in the records. For example, correspondence created by Sister Elizabeth MacPherson (1971-1973) and Sister Margaret Morrissey (1973-1977) was not transferred to the Archives. For details, see file level descriptions.

When archivist Paul Banfield prepared file list 84.10, he was unable to recreate the original correspondence filing system used by the superiors at St. Bernard

Convent. Therefore, he simply filed any correspondence created or received by the Superior's Office according to Superior and arranged the files chronologically by date of office term. He described these files as series I/1.a. Upon examination of file list 84.10, archivist Heather Gordon determined that the correspondence in series I/1.c, I/1.e, and I/1.f was similar to that found in series I/1.a. In fact, letters in I/1.c.e and f often answered letters in I/1.a and vice versa. Concluding that this correspondence was part of a single subseries, she filed the letters in I/1.c.e and f in the appropriate files in I/1.a, adding to these files similar Superior's correspondence found in accession 92.40.

**01.2.00 Superior General's congregational letters and circulars. -- March 1950.
-7 June 1984; (predominant 1959-1984).**

5.0 cm of textual records

This subseries contains form letters written by the Superior General to the Sisters of the congregation. Many of the letters refer to consultations between the Superior General and the Sisters regarding the appointments of St. Joseph Province's provincial councillors, the appointment of General Councils, and the elections of delegates to General Chapters. Other letters refer to changes to or interpretations of the RHSJ constitutions, or comment on spiritual matters or matters applying to common life. Still others inform the Sisters of the results of elections in other Provinces or report General Chapter decisions. The subseries also includes some letters from the Assistant General, as well as typed transcripts of letters from members of the General Administration regarding pilgrimages to France.

The letters received from an individual Superior General originally were housed in a three ring binder. The letters themselves were arranged chronologically by date of creation, usually from the most recent letter to the earliest letter.

01.3.00 Provincial Superior's community letters and circulars. -- 15 April 1953-21 June 1987.

9.0 cm of textual records

This subseries contains community letters and circulars written by the Provincial Superior and sent to the various communities of St. Joseph Province. Most of these letters are form letters, although some of those addressed specifically to the Superior or Superior and Sisters of St. Bernard Hospital deal with issues pertaining to that community. The files also contain the occasional form letter from the Provincial Assistant or Provincial Secretary, as well as a number of lists of provincial assignments and copies of a few Provincial Council meetings. Most of the letters, however, focus on matters of concern to the congregation as a whole, and thus address issues or problems common to all the houses. The impact of Vatican II, renewal, social concerns, vocations and jubilees, chapters

and assemblies, Sisters' illnesses and deaths, and new appointments and assignments are only a few of the many subjects covered. The letters also serve as a means of passing on to the communities messages about or directives from the General Administration.

The letters are arranged by Provincial Superior and then chronologically by date of creation, usually beginning with the most recent letter and working back to the earliest. Sister Elizabeth Rouble's and Sister Rosemarie Kugel's letters appear to have been maintained in three ring binders.

01.4.00 Office and community letters. -- 8 October 1908-September 1967.

5.0 cm of textual records

This subseries contains copies of the office and community letters sent from the St. Bernard Hospital Community to other RHSJ communities as a means of maintaining a link between distant houses. The community letters, usually written a Easter and Christmas by the secretary of the Chapter, describe the Community's activities over the course of the year. The letters written between

1908 and 1959 are particularly valuable, since the Community's annals for this period have not survived. The office letters, themselves community letters, usually were issued in September or October of each year and included a listing of the Sisters' individual assignments. In the 1950s, fewer community letters were written, and the year's events were summed up in the autumn office letter. By 1957, the letters still were issued in a letter format, but under the title "The Chronicles of St. Bernard's Hospital" A list of assignments for the year was attached to the letter.

Five of the six files previously were described in file list 84.10 as part of series I/1.d (Office letters)

02.1.00 Minutes of Local Council meetings. -- July 1903-August 1977.

16.0 cm of textual records

This subseries contains the minutes documenting the decisions taken by the St. Bernard's Hospital Community's Local Council between 10 July 1903 and 17 August 1977. The minutes predating 1915 primarily are concerned with the reception of novices and the taking of vows. After 1915 and up to the time of the formation of the Generalate in 1949, the minutes reflect the day to day activity of the convent as well as the Sisters' involvement in the Hospital and School of Nursing's financial and administrative matters. Their focus, however, remains on the Sisters' activity in regard to postulants and novices. By 1954, the minutes focus less on the discussion of the Community's spiritual and physical needs and more on the business (from purchasing equipment to dealing with personnel matters) of the Hospital and School of Nursing, and also are accompanied by some supporting documentation such as correspondence and permissions. In November 1969, a body known as the Sisters Governing Board (with the same membership as the Local Council) takes the responsibility for these decisions, and operates until at least August 1970. In December 1970, the Local Council again is given credit for creating the minutes, but the business from that point onward is that related to local community matters.

The two earliest registers previously were described in file list 84.10 as part of series I/1.c (Community - legal / canonical affairs)

02.3.00 Minutes of Special Provincial Council meetings and other material. -- March 1968-May 1971, September 1981-January 1984.

4.0 cm of textual records

In the late 1960s the RHSJ began to hold regular meetings attended by the Provincial Superior and the Province's Local Superiors. These "meetings with Local Superiors" evolved, in the 1970s, into what is known presently as Special Provincial Council meetings - periodic gatherings of the Local Superiors and the Provincial Council.

This series contains the minutes, reports, agenda, correspondence, and reference material generated by Special Provincial Council meetings and maintained by the St. Bernard Hospital Community's Superior.

06.0.00 Novitiate registers. -- 21 November 1903-August 1981; (predominant 1905-1951).

16.0 cm of textual records

From 1903 onward, the St. Bernard's Hotel Dieu community operated a novitiate on the hospital site. In 1920, the community, in need of a new LOCATION for this novitiate, purchased 140 acres of land in Palos Dells, Illinois (now known as

Palos Heights). Under the guidance of Sister Kelly as Mistress of Novices, the new novitiate, known as Mount St. Joseph, accepted its first postulant in October 1920. Beginning in 1933 it also accepted women entering the RHSJ community in Hartford, Wisconsin, and continued to serve as the training ground for women interested in becoming RHSJs until 1949. At that time, the American and English-speaking Canadian houses of the RHSJ amalgamated and the novitiate was transferred to new quarters in Kingston, Ontario. In the late 1960s, when it became apparent that the Sisters' St. George Hospital on Winneconna Parkway could not be renovated to meet accreditation standards, the Palos property became the site of St. George's replacement, operated by the RHSJ's St. George Corporation.

This series contains the registers kept by the St. Bernard's Hotel Dieu community as records of the investiture, profession, and canonical examination of the Sisters training at St. Bernard's and at Mount St. Joseph. It also provides limited personal information about each of the postulants.

The series is divided into three subseries

2.5 cm of textual records

This subseries contains a single postulant register offering information about each of the women entering the RHSJ at Chicago between November 1903 and August 1949. Each entry lists an individual sister's age or birth date, place of birth, parents' names, previous novitiate training (if any), entrance date, date of receipt of Holy Habit, profession date, and date of death (if applicable). For those sisters who left the order, the register provides the date on which the sister left, and, in some cases, her reasons for leaving, and / or the amount of financial compensation given her.

The entries, which fill only 95 of the registers 300 pages, are arranged chronologically by date of entrance, and provide information dating up to August 1981.

451 photographs : b&w and col.

5 albums

Approximately one third of the material comprising this series was transferred to St. Joseph Province Archives as part of Accession 92.40. The Archives, however, already possessed a number of photographs and two albums focusing on the St. Bernard Hospital community. These photographs and albums originally had come from Chicago and subsequently were added to this series.

This series contains photographs documenting various aspects of life within the St. Bernard Hospital community. Most of the photographs depict members of the community, either individually or in groups. Some of these photographs are posed, while others are candid shots. These photographs document a variety of activities, but a common event is the celebration of individual jubilees. The series also contains many photographs of St. Bernard postulants and novices, as well as scenes of the novitiate at Palos Park. Some photographs of the exterior and interior of the Sisters' residences also are included.

Title based on contents of the series

Since the original order of the photographs was not apparent, the Archivist arranged them alphabetically by subject. Photographs belonging to Accession 92.40 are identified by Photo ID numbers SBC-001P to SBC-172P. Photographs transferred from St. Joseph Province Archives' Photograph Library are identified by Photo ID numbers SBC-192P to SBC-471P.

1 scrapbook ; 36 cm x 29.5 cm x 4.0 cm

This file contains a scrapbook containing newspaper clippings, photographs, memoranda, press releases, speeches, and issues of "The Bernardian." The records in the scrapbook date from the period 1918-1964, but the majority of them date between 1959 and 1962. The scrapbook documents various hospital fundraising events, employee and medical staff accomplishments, auxiliary activities, and Sisters' gatherings

(including Sister Helen Jarrell's funeral). Most of the Scrapbook, however, documents the construction and opening of Sacred Heart Pavilion.

Title based on contents of the file

The scrapbook is in poor condition. The support medium is brittle, and most of the records, including photographs, have been stapled into place.
