

Create a myLoyola Account

myLoyola is the secure patient portal that allows patients to view their medical information in a safe and secure manner. Patients no longer have to wait for an access code to be sent to them. myLoyola accounts can now be self-created by following the simple steps below.

Your personal information will need to be validated in order to grant you a myLoyola account. Enter your demographics when prompted, answer the questions which are presented, and your identity will be verified using a third-party verification system. Once verified, you will be prompted to create a user name, a password and activate your myLoyola account. If you have any questions, please contact your clinic.
