**Module Description**

Teacher candidates work with PreK-12 teachers to develop and implement a transdisciplinary/interdisciplinary curriculum unit with a service component, preparing candidates to teach in schools that offer an International Baccalaureate program. Teacher candidates observe teaching and learning in PYP, MYP, or DP IB classrooms understanding how family and community engagement and the integration of service to families and communities connects with IB curricula in their area of certification. Teacher candidates then co-plan and co-teach a three-week unit with an IB cooperating teacher educator. The unit needs to be transdisciplinary or disciplinary with interdisciplinary connections (including the arts) and is assessed through a structured inquiry project. Teacher candidates use pre- and formative assessments to differentiate instruction and assessment to meet the learning and language needs of students. In conjunction with the cooperating teacher educator, candidates administer a post- assessment and analyze data from the instructional unit to identify areas for growth. Teacher candidates use this analysis of their unit, samples of student work, and further research to develop a poster to present to peers, cooperating teacher educators, other school professional personnel, and university faculty.

### **Conceptual Framework Standards**

The School of Education at Loyola University Chicago, a Jesuit and Catholic urban university, supports the Jesuit ideal of knowledge in the service of humanity. We endeavor to advance professional education in the service of social justice, engaged with Chicago, the nation, and the world. To achieve this vision the School of Education participates in the discovery, development, demonstration, and dissemination of professional knowledge and practice within a context of ethics, service to others, and social justice. We fulfill this mission by preparing professionals to serve as teachers, administrators, psychologists, and researchers; by conducting research on issues of professional practice and social justice; and by partnering with schools and community agencies to enhance life-long learning in the Chicago area.

Specifically grounded in the overarching principles of *Social Action through Education*, this module focuses on the individualized learning needs of diverse students in urban schools, emphasizing the role of the teacher in making educational decisions and advocating for students. Candidates must utilize current literature in bilingual, special, and literacy education to critically evaluate practices and apply knowledge and skills with diverse students. Our conceptual framework is described here:

### Module Assignments

- **Lesson Plan and Implementation: 10% (x3)**
  - Candidates will be evaluated on three lesson plans and accompanying implementations.
- **Post-Lesson Analysis Framework: 5% (x3)**
  - Following each lesson implementation, teacher candidates are required to view a video of their implementation and complete a post-lesson analysis framework. Additionally, they must schedule a time to conference with the professor about their lesson implementation.
- **Transdisciplinary/Interdisciplinary Curriculum Unit: 20% of final grade**
  - Teacher candidates develop a transdisciplinary, interdisciplinary or disciplinary unit with interdisciplinary connections, including the arts, in an IB setting. Candidates will be required to address the criteria used to plan IB curriculum units – transdisciplinary/interdisciplinary with a service component.
- **Advocacy Presentation: 15% of final grade**

Candidates must design and present an Advocacy Project. Completion of this midterm presentation demonstrates knowledge of professional organizations, foreign language listservs and available research. It further demonstrates expertise in theories of language acquisition, program models, and the importance of advocating foreign language learning for all. The purpose of this presentation is to demonstrate evidence of the ability to work professionally with a language department and knowledge of resources available to support advocacy efforts.

- **Lesson Rehearsals, Homework, and Participation: 10% of final grade**
  - Candidates are expected to consistently and actively participate in all class activities in discussions. Since much of this module takes place in a school, candidates are expected to dress and act professionally. They must arrive on time and stay for the duration of the class session. Class sessions will build directly on assigned readings; candidates must come to class having read all assigned texts and articles, as well as prepared to rehearse micro-lessons.
- **Sequence Summative Assessment: 10% of final grade for TLSC 350; 10% of final grade for TLSC 340**
  - After completing the modules in this sequence, teacher candidates will apply their understanding of the research and practice in their area of specialization to design a year-long curriculum plan for a specific age or grade-level or course within a particular content area that includes transdisciplinary or interdisciplinary connections and the integration of technology. The curriculum plan will include a description of the content and skill focus, required materials including text and technology resources, classroom expectations, a comprehensive assessment plan and a full description of the overall course summative assessment(s). The plan will also include a year-long calendar with unit descriptions, unit standards, and descriptions of unit summative assessments.

## School of Education Policies and Information

### Diversity

This module calls on candidates to meet the needs of diverse learners, as does the previous module

(6.1), but also requires them to make diversity the substance of the content that they will teach. The unit that they develop with the cooperating teacher educator and their peers will be transdisciplinary or interdisciplinary and therefore will incorporate a diversity of content. In this way, Module 6.2 offers an opportunity to apply the candidates' understanding of diversity on multiple levels.
