Module Description

Teacher candidates work with PreK-12 teachers to develop and implement a transdisciplinary/interdisciplinary curriculum unit with a service component, preparing candidates to teach in schools that offer an International Baccalaureate program. Teacher candidates observe teaching and learning in PYP, MYP, or DP IB classrooms understanding how family and community engagement and the integration of service to families and communities connects with IB curricula in their area of certification. Teacher candidates then co-plan and co-teach a three-week unit with an IB cooperating teacher educator. The unit needs to be transdisciplinary or disciplinary with interdisciplinary connections (including the arts) and is assessed through a structured inquiry project. Teacher candidates use pre- and formative assessments to differentiate instruction and assessment to meet the learning and language needs of students. In conjunction with the cooperating teacher educator, candidates administer a post-assessment and analyze data from the instructional unit to identify areas for growth. Teacher candidates use this analysis of their unit, samples of student work, and further research to develop a poster to present to peers, cooperating teacher educators, other school professional personnel, and

university faculty.

Conceptual Framework:

Vision: The School of Education of Loyola University Chicago is a community that seeks to transform members to impact local and global communities through the principles of social justice.

Mission: The School of Education at Loyola University Chicago, a Jesuit Catholic urban university, supports the Jesuit ideal of knowledge in the service of humanity. We endeavor to advance professional education in service of social justice, engaged with Chicago, the nation, and the world. To achieve this vision, the School of Education participates in the discovery, development, demonstration, and dissemination of professional knowledge and practice within a context of ethics, service to others, and social justice. We fulfill this mission by preparing professionals to serve as teachers, administrators, psychologists, and researchers who work across the developmental continuum, and by conducting research on issues of professional practice and social justice.

Standards: These dimensions of the conceptual framework also serve as the foundation to the School of Education Conceptual Framework www.luc.edu/education/mission/. – standards that are explicitly embedded in major benchmarks across all SOE programs. Conceptual framework standards are listed below.

CFS1: Candidates critically evaluate current bodies of knowledge in their field.

CFS2: Candidates apply culturally responsive practices that engage diverse communities.

CFS3: Candidates demonstrate knowledge of ethics and social justice.

CFS4: Candidates engage with local and/or global communities in ethical and socially just practices

In this sequence, conceptual framework standard (CFS) four will be assessed as part of the sequence summative assignment.

Dispositions Assessment:

All courses in the SOE assess student dispositions: Professionalism, Inquiry, and Social Justice. You can find the rubrics related to these dispositions in the TLSC 451 LiveText Assignment. Disposition data is reviewed by program faculty on a regular basis. This allows faculty to work with students to develop throughout their program and address any issues as they arise. A description of how we use disposition data in the SOE is included in the SOE syllabus addendum

Module Assignments

Multimodal Assignment: 15% of grade

- You will be designing a high school web-based project. The project should explore some aspect of your assigned novel. The project design should allow your students to use technology to deepen their understanding of particular places, concepts, events, or issues related to the novel. Students will need to use lower-order thinking skills – knowledge, comprehension and application, but must also engage in high-order thinking – analysis, synthesis, or evaluation. Standards addressed by this assignment: NCTE; ILCAS; IPTS: 1, 4 & 8; ITS: 2, 3, 7 & 8; CF: 2, 4.

Identifying Complementary Texts: 15% of grade

- Create an annotated bibliography of the texts you have selected. Your selection of complementary works should demonstrate your knowledge of the range and influence of print and non-print media and technology in contemporary culture (CF 5), and your ability to examine and select resources for instruction such as textbooks, other print materials, videos, films, and software appropriate for supporting the teaching of ELA. (CF 1) Your collection of texts must include print and non-print media items, interdisciplinary material(s), and texts from a variety of genres. (Standard I: Element 1 and 2; Standard III: Element 5 and 6). Remember, contemporary students are reading in multimodal ways, completely different from the approaches teachers commonly take in the classroom. How will you be sensitive to this?

Lessons in a Series: 35% of grade

- Teacher candidates develop **a set of lessons in a series** that will focus on the teaching of writing. Standards addressed by this assignment: NCTE; IPTS: 1, 2, 3, 4, 5, 6, 7 & 8; ILCAS:; ITS:3.

Sequence Six Summative Assessment: 20% of grade (CFS 4)

- After completing the modules in this sequence, teacher candidates will apply their understanding of the research and practice in their area of specialization to design a year-long curriculum plan (two semesters, 36 weeks) for a high school Language Arts course that includes
transdisciplinary or interdisciplinary connections and the integration of technology. The curriculum plan will include a description of the content and skill focus, required materials including text and technology resources, classroom expectations, a comprehensive assessment plan and a full description of the overall course summative assessment(s). The plan will also include a year-long calendar with unit descriptions, unit standards, and descriptions of unit summative assessments. Standards addressed by this assignment: NCTE; IPTS: 1, 2, 3, 4, 5, 6, 7 & 8; ILCAS:; ITS: 3.

Module Participation: 15% of grade

- Candidates are expected to consistently and actively participate in all class activities and discussions. Students will also offer mini presentations and teaching demonstrations, as well as work collaboratively and independently in class on various course assignments. As part of the candidate's participation grade, it is expected that candidates will deliver a minimum of two (2) mini-lessons with the support of their cooperating teacher. Since much of this module takes place in a school, candidates are expected to dress and act professionally. They must arrive on time and stay for the duration of the class session. Class sessions will build directly on assigned readings; candidates must come to class having read all assigned texts and articles.

Required Texts:

- Burke, J. (2013). *The English teacher's companion: A completely new guide to classroom, curriculum, and the profession* (4th ed.). Portsmouth, NH: Heinemann.
- Christensen, L. (2009). *Teaching for joy and justice: re-imagining the language arts classroom*. Milwaukee, WI: Rethinking Schools Publication.

Smart Evaluation

Towards the end of the course, students will receive an email from the Office of Institutional Effectiveness as a reminder to provide feedback on the course. Students will receive consistent reminders throughout the period when the evaluation is open, and the reminders will stop once the evaluation is completed.

- The evaluation is completely anonymous. When the results are released, instructors and departments will not be able to tell which student provided the individual feedback.
- Because it is anonymous and the results are not released to faculty or departments until after grades have been submitted, the feedback will not impact a student's grade.
- The feedback is important so that the instructor can gain insight in to how to improve their teaching and the department can learn how best to shape the curriculum.

Dispositions

All students are assessed on one or more dispositional areas of growth across our programs: ***Professionalism, Inquiry, and Social Justice***. The instructor in your course will identify the dispositions assessed in this course and you can find the rubrics related to these dispositions in LiveText. *For those students in non-degree programs, the rubric for dispositions may be available through Sakai, TaskStream or another platform.* Disposition data is reviewed by program faculty on a regular basis. This allows faculty to work with students to develop throughout their program and address any issues as they arise.

LiveText

All students, *except those who are non-degree*, must have access to LiveText to complete the benchmark assessments aligned to the Conceptual Framework Standards and all other accreditation, school-wide and/or program-wide related assessments. You can access more information on LiveText here: [LiveText](http://www.livetext.com).
