## In the College of Arts and Sciences, we offer:

- **FIELD EXPERTS** The professors here will inspire and transform you. They're involved in some ground-breaking work that can change the world, and 89% of them have the highest degree in their field. With a 13:1 student-to-faculty ratio, you'll receive personalized mentorship and support from professors who truly know you. Learn more: [LUC.edu/CASfaculty](https://luc.edu/CASfaculty)
- **INTERDISCIPLINARY LEARNING** It's a big thing here at Loyola. Interdisciplinary learning lets you explore multiple fields and broadens your perspective. As part of the Core Curriculum, you'll take classes in art, history, math, science, philosophy, and more. You'll also have the chance to be involved in our 26 interdisciplinary programs and seven interdisciplinary centers.
- **EXPERIENTIAL LEARNING** You'll get the chance to participate in some form of hands-on learning. This means doing an internship, researching with faculty, volunteering, or participating in a public performance or art exhibit. There are hundreds of possibilities, and you choose what to do based on your interests and career goals.
- **CONTINUING EDUCATION** Want to keep learning? As a Loyola student, you can get both a bachelor's and a master's in only five years through an accelerated program. Many of these programs are interdisciplinary, so you'll gain expertise beyond the major you chose at the start. Check out the available programs here: [LUC.edu/abm](https://luc.edu/abm)
- **CAREER DEVELOPMENT** Our Career Services team facilitates internship and employment opportunities, as well as year-long resume workshops and career fairs. You'll also have access to the university-wide job portal through Handshake, and a connection to a network of 4,000+ alumni through LoyolaLinked. If you're interested in pursuing law, we also have pre-professional law advising to support you.
