TIP OF THE WEEK

After this week, you’ll be officially a third through your first semester. Congrats! Some people may or may not like their core classes right now, but you have to remember it is part of the Jesuit Education. It is there to help you become a well-rounded person and help make you more knowledgeable. And for those of you who are undecided about your major might find a class you love and know what you want to study the remainder of your time here at Loyola. Also, remember to ask questions when you need help, this is still all new.
