HEALTH LAW:

- **Expand your expertise:** the current health care and legal environment requires experienced professionals with a deep understanding of health care regulation. Loyola gives you the knowledge to navigate legal and regulatory issues for your firm, business, or non-profit organization.
- **Top Ranked:** Loyola is ranked 3rd of all health law programs in the nation by *U.S. News & World Report*.
- **Specialize:** Choose from numerous areas of focus based on your area of interest such as compliance, risk management, informatics, privacy, and patient safety.
- **Online flexibility:** Open to students nationwide, this online degree gives you maximum flexibility, while broadening your network of peers.
- **Convenience:** Programs that are perfect for busy working professionals—evening, weekend, and online courses are available to fit your schedule

COMPLIANCE:

- **Play a Critical Role:** pursue a successful compliance career and become an invaluable asset to your organization or company, protecting its reputation and financial health.
- **Gain expertise:** concentrate in an area that closely fits your professional goals, including corporate, global, privacy, research, and health care compliance. You'll be prepared to sit for the Compliance Certification Board's examinations, including those to become a Certified Compliance and Ethics Professional (CCEP).
- **Learn from the experts:** Curriculum is designed by expert faculty practitioners who are leaders in the field and who help students stay on top of the latest issues within the industry.
- **Online format:** balance graduate studies with work and through a format that allows you to network with professionals around the country.

CHILD LAW:

- **Expand your expertise:** the current health care and legal environment requires experienced professionals with a deep understanding of health care regulation. Loyola gives you the knowledge to navigate legal and regulatory issues for your firm, business, or non-profit organization.
- **Specialize:** Choose from numerous areas of focus based on your area of interest such as compliance, risk management, informatics, privacy, and patient safety.
- **Online flexibility:** Open to students nationwide, this online degree gives you maximum flexibility, while broadening your network of peers.

LLM PROGRAMS:

- **Distinguish yourself:** Our programs for lawyers allow you to take on more responsibility or differentiate yourself within your firm or company.
- **Business Law (LLM):** Beazley Institute offers diverse areas of focus including health care compliance, corporate and transactional health law, risk management, privacy, global compliance, and life sciences.
- **Health Law (LLM):** Enhance your legal skills in managed care, health care finance, government policy, and privacy compliance.
