# QUINLAN SCHOOL OF BUSINESS

## WRITE YOUR SUCCESS STORY

Quinlan students, professors, and alumni believe that the best business decisions—those that drive real, sustainable success—consider people, profit, and the planet. This ethics-based mindset will set you apart from your peers and form the foundation for the rest of your career.

With a nationally ranked business education from Loyola, you will be poised to do well—and do good.

## WHAT MAKES US STAND OUT?

Every course integrates hands-on experience as well as focus on developing collaboration skills—a key trait of today's successful leaders.

With our worldwide network of alumni and mentorship from our engaged professors, you'll have a foundation of expertise at your disposal that will help make your professional goals a reality.

Quinlan's programs offer a distinctive global focus and some courses include collaborative projects with students from around the world.

Programs that are perfect for busy working professionals—convenient evening, weekend, and online courses—are available to fit your schedule.

## ALUMNI

*"Loyola fit my values. You can be proficient as a leader, but once you compromise your values and once your integrity is being questioned, that can hurt you for the rest of your career. I love how Loyola focuses on being an ethical leader. That's why I decided on Quinlan."*

— Marvin Mathelier, MBA
