THE CURA NETWORK
CARING FOR STUDENTS IN NEED

Office of the Dean of Students
Loyola University Chicago
THE OFFICE OF THE DEAN OF STUDENTS SERVES ALL STUDENTS THROUGH CARE, SUPPORT, AND EMPOWERMENT.

IN TIMES OF CHALLENGE AND CRISIS, OUR GOAL IS TO PROVIDE RESOURCES AND SUPPORT TO HELP STUDENTS NAVIGATE EMOTIONAL, BEHAVIORAL, ACADEMIC, OR OTHER ISSUES THAT MAY AFFECT THEIR PERSONAL AND ACADEMIC SUCCESS.
Our mission is to provide an individualized response when challenges arise and to promote students’ success as they navigate college and pursue their academic and personal goals.

**WHAT WE DO**

- CURA Network - Behavioral Concerns Team (BCT)
- CARE Case Management - CARE Funds
- Food, Basic Needs & Housing Assistance
- Equity Case Management/Sexual Misconduct Resourcing
In the spirit of cura personalis, a hallmark of Ignatian spirituality that urges us to care for the entire person, the CURA Network is a university-wide system that centralizes referrals, reports, and response for students who are in need of care.

The best way to help a student is to report a student concern as soon as possible.

Referrals allow staff to explore the complete picture and respond with the appropriate support. Upon receiving a report, staff from the DOS work with campus partners to provide intervention, support, advocacy, case management, and resource referrals to our students.

RECOGNIZE
RESPOND

BE PROACTIVE
Engage students early on by paying attention to signs of distress

BE SUPPORTIVE
Express concern and care in a private place and let the student know you are here to help.

BE DIRECT
Give a concrete example regarding the behavior or concern that has led you to reach out. Don’t be afraid to ask students directly if they are feeling confused or having thoughts of harming themselves or others.

LISTEN EMPATHETICALLY AND CAREFULLY
Use a non-confrontational approach and a calm voice. Avoid threatening, judgmental, intimidating or potentially embarrassing responses.

SHARE WHAT YOU KNOW
FERPA allows faculty and staff to report student health and safety concerns to relevant campus offices. Taking appropriate action does not violate a student’s privacy rights.

FOLLOW UP
Once you have referred a student, it may be helpful for you to follow up. Your first-hand knowledge and personal connection to this student will be valuable in understanding and appropriately responding to the situation.

Most University faculty and staff employees are "responsible campus partners" with an obligation to report in specific instances.
STUDENT CONDUCT

The Office of Student Conduct & Conflict Resolution (OSCCR) works to address conflict and alleged violations of Loyola’s Community Standards. All Loyola students are expected to uphold the Community Standards (Loyola's Student Code of Conduct)

Case Study #1

You’re holding office hours, and one of your students arrives in distress. You learn that his father passed away right before the fall semester started, and he was the breadwinner in the family. His mom called him earlier that day and said that she was not sure how she was going to be able to pay for his tuition moving forward. He currently has a balance on his account and registration for the spring term is going to start next week.

What do you do next?
You receive an email from one of your students, a freshman, with a time stamp of 2am. In the body of the email, the student discloses that they have been having suicidal thoughts and will not be able to submit their paper to you by today’s deadline.

What are your next steps?
