Welcome, fellow graduate students. This document is created by the Graduate Student Advisory Council (GSAC), and it contains important information regarding resources that Loyola provides to graduate students. In this document, we divide the resources into three categories: financial resources, health resources, and general resources. Click the above category if you wish to be forwarded to that section.

As an abridged version of the Graduate, Professional, and Adult Student Resource Directory, this resource guide focuses specifically on resources for graduate students. Furthermore, a lot of resources here are specific to COVID times. Thus, the information here is subject to change. If you wish to review a full list of resources for graduate students or students across campuses, please visit the Graduate, Professional, and Adult Student Resource Directory here. Also, please read the weekly GradSchAnnounce newsletter for the up-to-date information on available resources.

For those interested in federal aid programs (e.g. loans and work study), the Free Application for Federal Student Aid (FAFSA) must be filed every year. For a step-by-step guide and information on each aid program, please visit the Financial Aid Office.

Please know that this is a continuing project. Information we gathered may be incomplete and is subject to change. If you noticed that we are missing any resources for graduate students, please email us at gsac@luc.edu. Please also contact us if you have any concerns and feedback for these resources; GSAC is here to advocate for you!

Sincerely yours,

GSAC 2020-2021

Higher Education Emergency Relief Fund II (HEERF II)

https://www.luc.edu/heerf/heerf2/

In January 2021, the U.S. Department of Education (ED) announced that additional funding will be available to institutions of higher education to serve students and ensure learning continues during the COVID-19 pandemic. This funding is allocated to the Higher Education Emergency Relief Fund II (HEERF II) by the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA), which was signed into law on December 27, 2020. Students do need a FAFSA and an Official EFC for Financial Aid Year 2020-21 to be considered eligible to receive HEERF II. Please complete the free application for Federal Student Aid (FAFSA) for the 2020-2021 academic year.

According to the government’s HEERF II FAQs published on January 14, 2021, the HEERF II Student Share Grant funds may be used for any component of a student’s cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care), or child care.

Please direct your questions to HEERFgrants@luc.edu.

*DACA, undocumented and International students are not eligible to receive HEERF II.

Telecommunication Reimbursements for Graduate Assistants

https://www.luc.edu/finance/Accounts_Payable.shtml

In light of the COVID pandemic, teaching and research graduate assistants who incur costs for connectivity to University technology and applications by using personal cell phone and/or home internet data plans are eligible for reimbursement of such costs up to a total of $50 per month if such costs are (a) incurred by the student within the scope of their research or teaching duties; (b) directly related to services performed for the University; and (c) authorized or required by the University.

To apply for this reimbursement, students must submit complete expense reimbursement form(s) and receipts to the Graduate School. Students have to download and complete an expense reimbursement form. In the form, assign expenses to Accounting Unit 101815 and Account 6230 (second page of the form). Forms must be signed by you and your supervisor before being sent to the Graduate School. Lastly, attach internet and/or cell phone receipts as well. Receipts must clearly contain your name and address.

Teaching and Research Assistants will be eligible for reimbursement only during the months of their award. Reimbursements must be submitted within 90-days of the receipt date. Please email the Graduate School with any questions regarding this policy.

*There is no commitment from the university to continue this once campus returns to normal operations.

The Loyola Commitment

https://www.luc.edu/finaid/loyolacommitment/

Graduate students who have experienced a significant reduction in household income, causing financial hardship, may apply for assistance through The Loyola Commitment. Eligibility and priority will be given to those who have utilized all existing financial aid options, including loans. Students will need to complete the Special Circumstance Appeal form with the Financial Aid Office and provide supporting documentation for your appeal. This appeal is your application to be considered for The Loyola Commitment.

*International and undocumented students will be considered for funding from The Loyola Commitment.
*Funding provided by The Loyola Commitment will assist you with your direct expenses owed to Loyola University Chicago (i.e., tuition, fees, housing and meal plan). This does not provide financial support beyond your student account balance.

* Please contact the Financial Aid Office for questions about your eligibility.
