Did you know that prices for the same medical services, such as MRIs, CT scans, lab tests and more, can differ by thousands of dollars? As a part of your health plan, you and your eligible dependents can start using Member Rewards today.

Simply contact a Benefits Value Advisor (BVA) to help you shop for medical care, save on out-of-pocket costs and earn cash rewards for the choices you make. Or log on to Blue Access for Members and use Provider Finder to search online.

You probably look for value when shopping for all kinds of items and services. Why not for medical services?

Here’s how it works:

• When your doctor recommends a procedure, Member Rewards can help you identify a cost-effective location where you can have it performed.
• Search for any Member Reward-eligible procedures up to the day of service. Complete your selection prior to receiving the service.
• The Member Rewards administrator, Vitals, will verify the location and mail any cash reward you earned to your home within several weeks after your procedure.
