Below you will find instructions on how a hiring manager, department head, or other workflow approver can review the details of a job description in the enhanced version of PeopleAdmin 7.6!

**Position Management View**

In order to review a position, you will need to select "Positions" located in the upper left pane. Once selected, the orange banner will appear, as shown below.

---

**Job Description - Review**

To review a job (position) description, please see the steps outlined below:

- Make sure “Current Group” = Hiring Manager
- Along the bottom of the orange banner, hover the “Position Descriptions” tab
- Select “Staff”
- Here you see the positions that report to you within the organization
- Click the *Working Title* hyperlink that you would like to view
- You can view and print by selecting
Review a Job Description

• The text of the description details can be copied and pasted
