Keith Beall reviewed the Defined Contribution plan assets and investment line-up and explained we had a solid portfolio, well diversified across, and within the major asset classes. Keith reviewed each investment against benchmarks that we have set up, and the overall fund lineup is performing in-line with expectations over the intermediate term. No funds are on the watch status. Keith noted that the Metropolitan West fund and Oakmark International funds are exhibiting a degree of mixed performance over the intermediate-term and Keith noted the trends of each for the group. 5. Other Business

Winifred Williams provided a status update on a number of items since our last meeting. The discussion included the following items:

- Winifred provided a status update on the TIAA legacy funds merging to Transamerica on April 2, 2020 and reminded the group that participant communication regarding this change were sent in February.
- Winifred also reminded the group of the fund changes as result of last fall’s Fund Share Class review, which are effective March 3, and the mapping notice was sent to participants in mid-February.
- Winifred informed the committee that we would be looking for a vendor to manage the RFP/RFI process for the plan. Goals, objectives and timeline for RFP/RFI process was TBD. The committee than discussed moving forward with a Pre RFI process in 2020 in order to gather plan fee benchmarking information and recordkeeper search information to inform the committee’s next steps.
- Winifred Williams asked the committee to review and approve the Fidelity “Illustrative Mapping” document. (Attached). Winifred reminded the group that mutual funds at Fidelity are individual contracts and cannot be mapped to Transamerica. Given this, the Fidelity mutual funds offering will be restructured into a streamlined and consolidated index only fund lineup. Mapping document was done “like by like” by asset class within Fidelity. Winifred Williams asked the committee if there is a motion to approve moving forward with restructuring the Fidelity mutual funds into a streamlined and consolidated index only fund lineup. Tom Kelly made a motion to approve. Katie Wyatt seconded the motion. All approved. The motion was carried.
