Career Development Center
Walk-In Hours: Monday - Thursday, 1:30-3:30 p.m. in Sullivan 295

The Career Development Center offers all Loyola students an opportunity for career exploration through a series of self assessments. The Career Self-Assessment Workshop (C-SAW) is a two-part workshop that helps students make decisions about majors and careers using interest, skill, values and personality inventories. To participate in a C-SAW, students must first meet with a career counselor and complete two online inventories. The CDC has 3 more C-SAW scheduled for this semester.

First Year Experience
We are excited to say that our Peer Mentor Program, First-Year Intelligence Council, and Transfer Council are up and running. These students are already planning activities and gathering feedback in regards to their respective tasks. Our FYI Council and Transfer Council are great sounding boards for programs or initiatives that you have in mind for the first-year population. If you want to get feedback on a certain program or initiative that your planning, send Karnell Black, kblack5@luc.edu an email and he will gladly add you to the councils agenda. Also feel free to recommend students to participate in the activities that they plan.

The Peer Mentors in the Office of First-Year Experience will be hosting Freshman Weekend: Ignite the Spirit. This will be an opportunity for all freshman students to continue building community as well as meet a host of new people. The weekend is scheduled to take place from Nov. 14, with the first Men's home basketball game and commence on Sun. Nov. 16 with the Freshman BBQ. There will be activities that engage students throughout Chicago with their friends and their student businesses. Encourage your students to take part in the 2nd Annual Freshman Weekend!

The University Community will be welcoming our newest group of first-year students during Spring Orientation. Orientation is scheduled for December 18, January 5, and January 9. Please be on the look out as we will be calling on various departments to contribute to the Spring Orientations.
