

IMAGINE YOUR FUTURE

The Ignatian Legacy Fellows Program is an invitation to imagine the next stage of your life. Look back on your career. Examine with others the challenges of preparing leaders for tomorrow's world. Deepen your faith. Who can benefit from the skills you have acquired?

Are you looking to create an intentional and meaningful retirement? Will you go it alone or would you like to accompany a cohort of Ignatian Legacy Fellows as they engage in a transition process to the third chapter of their lives?

ARE YOU LOOKING FOR A MEANINGFUL RETIREMENT?

This process is designed to engage leaders as a learning community to review one's life to garner insight and wisdom for application in family, community, professional, and legacy opportunities.

ACCESS LEADERS

While providing time, tools, and support for the interior journey, our global journey will invite engagement with leaders in the Jesuit missions of higher education, secondary and primary education, Catholic healthcare, parishes, retreat, and social missions.

EXPLORE DESTINATIONS

Each participant will grow as they experience the global Jesuit mission and appreciate the local richness and diversity of practice in each residency. Destinations include engaging faculty and students at four Jesuit universities; international missions in Lima, Peru; and a culminating pilgrimage to Spain and Italy.

BECOME AGENTS

This process will prepare Ignatian Legacy Fellows to engage in the gift of inquiry—to first seek understanding through observation, questioning, and listening, not to fix problems, but to engage practitioners as they meet adaptive challenges in their work. Fellows will become wise counselors, board members, trustees, and volunteers in this period of life. The Society of Jesus invites the Ignatian Legacy Fellows to join them as agents of reconciliation to a world in need.

THE JOURNEY

Ignatian Legacy Fellows come together six times over the course of a calendar year to explore the meaning of retirement and the opportunities ahead.

The Journey begins with personal reflection. Using the Spiritual Exercises of St. Ignatius, this is a chance to explore with peers and spiritual experts how God has acted in our life and may be calling us at this juncture to share our time and talent with those in need.

The Journey takes place with your cohort of fellow leaders, over three days, every other month, at a different Jesuit institution. Through interior work, program engagement, and interaction with local Jesuit leaders, Fellows learn the theological and spiritual underpinnings of faith-based works.

The Journey expands toward the broader community. Each session introduces the cohort to the issues faced by the host institution. Together, Fellows and local leaders share insights and strategies for handling today's leadership challenges and navigating cultural and organizational differences across sectors.

At the conclusion of the year-long program, Ignatian Legacy Fellows are invited to join the Society of Ignatian.

WHO SHOULD PARTICIPATE

- Institutional leaders, C-Suite Executives, nonprofit directors, business owners
- Those who are contemplating retirement, already retired or transitioning to retirement
