ABA Experiential Learning Requirements

Standards 304(d) and 305 provide an overview of ABA rules around Experiential Courses, Field Placements and other studies. See:

In 2014, the ABA House of Delegates approved changes to the law school accreditation standards that require students to "satisfactorily complete one or more experiential course(s) totaling at least six credit hours." An experiential course must be a simulation course, a law clinic, or a field placement, as defined in Standard 304.
LUC Law Experiential Learning Requirements

A minimum of 6 Experiential Learning credits are required for graduation.

• At least 3 of these credits must be satisfied through Live-Client Experience (LCE) courses.

• The remaining 3 credits may be earned in either LCE courses or through Comprehensive Simulation (CS) courses.

• Students must have completed their first year of law school to be eligible for enrollment.
Types of Experiential Learning Credits

The Live-Client Experience (LCE) course requirement can be met through:

- Intensive field placement through Loyola’s Externship Program,
- Participation in one of Loyola’s Clinics, or
- Practicum with a Field Placement or Approved Project.

A Comprehensive Simulation course is structured around hypothetical legal situations. *Only 3 credit hours of the 6 credit Experiential Learning requirement may be completed through Comprehensive Simulation courses.*

- Examples of simulation course topics include trial practice, advising not-for-profit organizations, mediation, transactional law, estate planning, etc.

All experiential learning requirements can be found at the website here: https://www.luc.edu/law/academics/experiential-learning/index.cfm
