Steps For Using GI Benefits at Loyola as a Dependent

1. Submit VA Form 22-1990e: Application for Family Member to Use Transferred Benefits
   The VA will process this application and send the dependent a Certificate of Eligibility, outlining the benefit eligibility. Please allow 4-6 weeks for processing.

2. Submit Documents To Loyola
   Submit a copy of the Certificate of Eligibility and Servicemember's/Veteran's DD-214. This will allow us to start processing your benefits!

3. Check Your Email & Mail
   We will contact you via email if any additional information is needed to process your certification. The VA will send you confirmation once Loyola has certified your enrollment for the term. It typically takes 4-6 weeks to start receiving payment from the VA once your certification has been sent.

4. View Account Updates in LOCUS
   Anticipated VA funds will be added to your student account in LOCUS. You will still receive a monthly bill from the Bursar's Office. You are responsible for paying any charges not covered by your benefit.
Submit eligibility documents to Loyola. This only needs to be done once, unless you change the benefit that you are using.

Starting three weeks before each term, the VA Certifying Official will send an initial enrollment certification to the VA. You do not need to do anything to initiate this certification. Please contact the VA Certifying Official if you do not wish to use your benefit for a given term.

After the add/drop period, the VA Certifying Official will send an adjusted enrollment certification to the VA to report your total credit hours and tuition costs. Anticipated VA credits will be posted to your student account in LOCUS.

If eligible, you will begin to receive the monthly housing stipend approximately 4-8 weeks after the initial enrollment certification has been processed by the VA.

Your student account will be updated when Loyola receives funds from the VA. Please note that you are responsible for any charges not covered by your educational benefit.

Note: Students that drop courses after the add/drop period must report mitigating circumstances to the VA in order for the course to be paid. In addition to your Academic Advisor, please consult our VA Certifying Official before dropping a course to determine how it will impact your benefit eligibility.
