The *Phi Sigma Tau Manual* is issued several times annually in Adobe Acrobat format. Sections marked with an asterisk(*) have been updated since the previous release (April, 2003).

The *Phi Sigma Tau Manual* is issued in modular form in order to facilitate updates. Chapters are asked to provide a standard ring binder and to maintain current chapter records for archival purposes.

Please keep the Manual up to date, and remember that it should be returned to the Chapter Advisor between academic years, so that new officers may have access to it at the beginning of each new academic year.

PHI SIGMA TAU

A Short History

Phi Sigma Tau was founded at Muhlenberg College in 1930 as Alpha Kappa Alpha, with chapters at colleges in Maryland and Pennsylvania. It remained in this regional status until October of 1955, when it was incorporated as **Phi Sigma Tau**, a National Honor Society in Philosophy. Its essential purpose was and is to promote ties among philosophy departments in accredited institutions and students in philosophy nationally. Both on the local and national levels, **Phi Sigma Tau** considers its organization as instrumental: a means for developing and honoring academic excellence as well as philosophical interest. In addition to providing a means of awarding distinction to students having high scholarship and interest in philosophy, the Society also promotes interest in philosophy among the general collegiate public.

GROWTH

In 1955, **Phi Sigma Tau** included twelve chapters in Ohio, Tennessee, Maryland, Washington, D.C., New Mexico, California, and Louisiana. By 1958 ten additional chapters had been added, including those which had formerly constituted Alpha Kappa Alpha; and the date of the latter's founding was taken as **Phi Sigma Tau's** founding date. In 1958 the Society was admitted to full membership in the **Association of College Honor Societies (ACHS)**, and by 1969 its chapter network included 55 chapters in 32 states. The Society became international in 1991 with the installation of its first Canadian chapter; and, as of September, 2003, its chapter network includes 187 chapters.

GOVERNMENT

The National Officers consist of President, Vice-President, and Executive Secretary. The PST Executive Council consists of these three National Officers, plus five Area Council Representatives.

CHAPTER ORGANIZATION

Local chapters retain a high degree of autonomy, and are often associated with philosophy clubs on their college campuses. Chapter membership is open to qualified graduate and undergraduate students, teachers of philosophy, and those who qualify as honorary chapter members. At the national level the Society has also established a **Laureate Chapter** (whose members are distinguished philosophers throughout the world), and a **National Alumni Chapter** (for graduated PST members who wish to continue their affiliation with the Society).

INSIGNIA

The Society's emblem is a pentagon with the letters *Phi Sigma Tau* at the center. Each of the angles contains a word representing one of the five streams of world thought: Chinese, Indian, Islamic, Hebrew, and Greek. The seal of the Society is the reverse side of the Athenian silver tetradrachma (B.C. 480-400), which bears the owl, olive spray, and small crescent. The margin of the seal carries the legend, *Phi Sigma Tau, 1930*.

PUBLICATIONS

Beginning in 1930, annual meetings were held at which student papers were read and discussed, then published in an annual volume entitled **Philosophy**. Since 1956, the Society has published twice yearly an official journal, **Dialogue**, publication in which is open to all students in philosophy. **Dialogue** appears in October and April of each academic year. The 2002-03 academic year marked the appearance of Volume 45. The **PST Newsletter**, which appears two or three times yearly, had its 108th issue in March of 2003.

INTERNATIONAL OFFICE

The headquarters were originally at George Washington University in Washington, D.C., moved in 1959 to Baldwin-Wallace College in Berea, Ohio, and in 1970 to Marquette University in Milwaukee, Wisconsin.

PHI SIGMA TAU CONSTITUTION

(As amended through April, 2000)

ARTICLE I — NAME

The official name of the Society shall be: “Phi Sigma Tau, International Honor Society in Philosophy.”

ARTICLE II — PURPOSE

The objects of the Society shall be: (1) to serve as a means of awarding distinction to students having high scholarship and personal interest in philosophy; (2) to promote student interest in research and advanced study in this field; (3) to provide opportunities for the publication of student research papers of merit; (4) to encourage a professional spirit and friendship among those who have displayed marked ability in this field; and (5) to popularize interest in philosophy among the general collegiate public.

ARTICLE III — STANDARDS

The Society shall receive into its membership, irrespective of membership in or affiliation with other organizations, only those who attain its standards of high scholarship in philosophy and other subjects, and who give evidence of professional merit, proficiency, and distinction. Membership shall be conferred in strict accordance with the standards established by the Association of College Honor Societies. The sole basis of selection shall be the character and the scholastic or professional records of the candidate. Reception into membership shall be consummated without secret pledge or secret order training.

ARTICLE IV — NEW CHAPTERS

SEC. 1. Institutions in which Collegiate Chapters may be established. A collegiate chapter may be established only at a baccalaureate degree granting institution (or its equivalent) of recognized collegiate or university level which regularly offers such courses in philosophy as to constitute a series commonly called a “philosophy major” or its equivalent. The institution must possess such qualifications as to justify confidence in the probable future success of a chapter of the Society in that institution: two necessary qualifications are that of accreditation by a national or regional accrediting agency, and adequate professional training and competence of the teaching staff in philosophy.

SEC. 2. Petition and Questionnaire. A group consisting of at least five persons applying for a charter shall send to the Executive Secretary a petition, properly filled out on the official form. Beyond the information supplied on the form, further information may be requested by the Executive Secretary. The petition and questionnaire shall be then sent to the Executive Council, which shall consider the merits of the institution and petitioning group. The Executive Secretary shall then transmit the petition to all active chapters, together with the recommendation of the Executive Council.

SEC. 3. Voting upon Petitions.

Clause 1— A favorable vote of three fourths of the number of active chapters shall be required to grant a chapter.

Clause 2— Votes of a petition not received from chapters within thirty days from the mailing date of the petition shall be considered as favorable to granting the petition.

SEC. 4. Installation of New Chapters. New chapters shall be installed by one or more members of the Society, designated as Installing Officer(s). These officers shall be present and personally conduct the installation, except in extraordinary cases, when this requirement may be waived by unanimous vote of the Executive Council. The senior Installing Officer shall be nominated by the Executive Secretary and approved by the President.

SEC. 5. Chapter Designation. Normally a chapter shall be designated by the state, then the Greek letter designating the order of its establishment within the state.

ARTICLE V — LAUREATE CHAPTER

There shall be one Laureate Chapter, election to which shall be vested with the Executive Council. Outstanding persons in the field of philosophy, irrespective of national boundaries, may be elected by unanimous vote of the Executive Council. Those elected to the Laureate Chapter shall be exempt from payment of all fees.

ARTICLE VI — PROBATION AND WITHDRAWAL

SEC. 1. Chapter Probation.

Clause 1— A chapter may be placed on probation by action of the Executive Council in cases where warnings from the Executive Secretary have proven unfruitful.

Clause 2— A chapter which has ceased to function by reason of continued inactivity or loss of members may be officially declared inactive, and its charter suspended by vote of the Executive Council. The chapter will be declared “TEMPORARILY INACTIVE,” and will cease to receive Society publications and regular Society bulletins. The Executive Council, on recommendation from the Executive Secretary, shall have the power to restore the chapter to active status if and when the chapter demonstrates its ability to function satisfactorily.

SEC. 2. **Withdrawal of a Charter.** Following recommendations by the Executive Council, a vote of three fourths of the number of active chapters shall be required for withdrawal of a charter. Chapter votes not received within thirty dates from date of mailing by the National Office are considered as favorable to the charter withdrawal.

ARTICLE VII — NATIONAL OFFICERS

SEC. 1. Election and Terms of Office.

Clause 1— The national officers of the Society shall consist of a President, Vice-President, and Executive Secretary.

Clause 2— These officers shall be elected from graduate members of the Society. Elections shall be held either at a Convention or by mail ballot distributed to all active chapters. A nominating committee shall seek nominations from the Executive Council and from active chapters.

Clause 3— Terms of office for the officers shall be indefinite, but nomination and elections may be called by a majority of active chapters at any time following a term of office which exceeds three years. Officers assume duties on July 1 of the year following their election.

SEC. 2. **Duties of the President.** The President shall perform all duties usually assigned to that office.

SEC. 3. **Duties of the Executive Secretary.** The Executive Secretary shall be charged with the general supervision of chapter and Society affairs, shall keep records of the Executive Council proceedings, shall keep records pertaining to all chapter activities and business, and is also responsible for the Society’s archives. S/he shall collect all national fees, and make all disbursements. S/he shall also submit financial reports to the Executive Council following each fiscal year (July through June), and shall make copies of these reports available to all active chapters and members on request. S/he shall also serve as business manager of all Society publications.

SEC. 4. **Ad-Interim Elections.** If for any reason the office of the President should fall vacant, the Vice-President shall immediately succeed in this office until the next meeting of the Executive Council, when the Council shall elect a President to complete the term. Should any other office become vacant, nominations for filling the same shall be made by the President, and voted upon and elected by the Executive Council.

SEC. 5. Executive Council.

Clause 1— The Executive Council shall consist of the three National Officers and four other members to be known as Area Council Representatives. The retiring President shall automatically become one of these Representatives, and shall serve until his/her successor qualifies by reason of retirement from office. The three additional Representatives shall be elected by the Executive Council, and their terms expire with the term expirations of the National Officers.

Clause 2— The Executive Council shall meet on call from the National Office at such times and places (or by conference telephone connection) as the Council shall determine.

Clause 2— A Convention of the Society shall be held when called by unanimous vote of the Executive Council. The time and general arrangements for the Convention shall be determined by the Executive Council.

Clause 3— The President of the Society shall designate a Convention Chairperson, who shall select a Convention Committee. This Committee will be charged with all local arrangements and the Convention program, in consultation with the Executive Council. The President and Executive Secretary shall be, ex officio, members of the Convention Committee. The Executive Secretary shall serve as secretary to the Convention.

SEC. 2. **Votes in the Convention.** Each active chapter shall be entitled to three votes, and each chapter may send from one to three official convention delegates. A chapter may divide its votes in any manner desired, and Convention business will be conducted by voice vote unless there is one or more objections.

SEC. 3. **Power of the Convention.** The Convention shall be the supreme governing power of the Society while in session, and its actions shall require no further confirmation. Its powers include, but are not limited to, election of national officers, amending the Constitution and By-Laws, and acting upon all matters brought before it by active chapters of Executive Council.

SEC. 4. **Quorum at the Convention.** Chapters unable to send official delegates to the Convention may designate one official delegate attending the Convention from another chapter, or one member of the Executive Council to vote on their behalf. Notification of all such proxies must reach the National Office no less than fifteen days prior to the opening of the Convention.

SEC. 5. **Delegate Expenses.** Six months prior to a National Convention, the Executive Council shall inform all active chapters of the extent of any subsidy available to each chapter. In the event that subsidies are available, chapters at great distance from the Convention site will be given preference.

ARTICLE IX — PROCEDURES FOR RECEPTION OF CHAPTER MEMBERS AND ASSOCIATES

PHI SIGMA TAU

Installation Ceremony

For New Chapters

INSTALLING OFFICER: It is a pleasure to be here to install <State & Greek Letter> chapter of Phi Sigma Tau, the International Honor Society in Philosophy.

The National Honor Society was founded in 1930 as Alpha Kappa Alpha, with chapters in Pennsylvania and Maryland. In 1955 it was incorporated as Phi Sigma Tau, and began to assume national status. Two years later the organization was accepted as a full participating honor society in the Association of College Honor Societies. Growth of the Society has been continual; and, with the installation of the chapter at <Institution>, we have <Number> chapters nationally.

As defined by Article II of the Phi Sigma Tau Constitution:

The objects of the society are: (1) to serve as a means of awarding distinction to students having high scholarship and personal interest in philosophy; (2) to promote student interest in research and advanced study in this field; (3) to provide opportunities for the publication of student research papers of merit; (4) to encourage a professional spirit and friendship among those who have displayed marked ability in this field; (5) and to popularize interest in philosophy among the general collegiate public.

In keeping with these purposes, the National Office awards certificates of membership to students who have met the Society's high requirements of scholarship; it publishes a journal, *Dialogue*, for student papers of high merit; it encourages through *Dialogue* and the *PST Newsletter* a spirit of interest and friendship among students in philosophy at chapters throughout the United States; and it disseminates information concerning significant programs developed at these institutions.

The Standards of Phi Sigma Tau are high, membership being conferred in strict compliance with the standards established by the Association of College Honor Societies. Reception into membership is consummated without formal pledge or secret order training. Collegiate chapters may be established only at accredited and degree-granting institutions of recognized merit which offer such courses in philosophy as constitute a "philosophy major" or its equivalent. The institution must possess qualifications sufficient to justify confidence in the future success of its prospective chapter. Charter petitions must be endorsed by the Society's Executive Council, and ratified by vote of all of its active chapters.

The <Name of Institution> has fully met the requirements of the Society. The Philosophy Department fulfills all requirements imposed by the National Office. It is obvious that excellence is not only encouraged but achieved, both among students and by faculty. It is my happy privilege to announce that the Executive Council has endorsed the charter petition, which was then ratified by the Society's chapters. I shall now read the letter of authorization from the National Office:

<Reading of the Letter and Greeting>

Will the official representative of this institution, the faculty advisor, and chapter officers please come forward.

<To the Representative>

It is both my pleasure and privilege, as <Office or Designate of Phi Sigma Tau>, to present to you this charter establishing at <Institution> the <State Name & Greek Designation> chapter of Phi Sigma Tau.

<To the Chapter Officers>

As officers of the new chapter, you are cognizant of the duties of officers outlined in Article XIV of the PST Constitution. Do you accept these obligations, fully aware of your responsibilities to serve the major goals of Phi Sigma Tau?

<Answer: I DO.>

In recognition of your assumption of these duties, I therefore install you as officers in the **<State & Greek Designation>** chapter of Phi Sigma Tau. The National Office pledges its support to you in all of your efforts.

<To the Faculty Advisor>

The function of the Advisor is not purely nominal, as it is in many organizations. Rather, the Advisor serves as a liaison between the chapter, Philosophy Department, and National Office. The duties of the Chapter Advisor are outlined in Article XIV of the PST Constitution. Do you, as Faculty Advisor, accept the obligations of your office?

<Answer: I DO.>

In recognition of your willingness to assume these obligations, I therefore install you as Faculty Advisor of this chapter. My congratulations to the chapter and its officers on your acceptance of these responsibilities, and my pledge to you of the support of the National Office in every way that it may assist you. The **<State & Greek Designation>** of Phi Sigma Tau at **<Institution>** is now officially installed.

[If desired, the chapter may proceed directly to the initiation ceremony for accepting new members into Phi Sigma Tau.]

PHI SIGMA TAU Initiation Ceremony

PRESIDENT: Members of the <State name & Greek designation> Chapter of <Institution>. We are meeting to receive into the fellowship of our Society several persons who, because of their interest in, and aptitude for, philosophical inquiry, have been elected members by formal vote of the Chapter. Will the Secretary please read the names.

SECRETARY: I have the honor to report that <State & Greek Designation> Chapter of Phi Sigma Tau has elected to membership in the Society the following persons:

<LIST OF NAMES IS READ>

They have accepted the invitation extended to them to become members of the Society, and they are here to be initiated as prescribed by the Constitution of Phi Sigma Tau and the by-laws of our Chapter.

PRESIDENT: Will the candidates for initiation please come forward and stand in a semicircle before the table. <to the Secretary> Have these persons been found deserving of membership in the Society?

SECRETARY: They have. They meet not only the formal requirements of membership as indicated by their scholastic records, but also have revealed a concern and devotion to philosophy in the highest sense.

PRESIDENT: In accepting the honor which is being conferred upon you, you are being admitted to membership in a Society national in scope, interests, and aims. Active members may hold office and vote on national issues. Alumni members qualify for membership in the Society's National Alumni Chapter. If you desire to be instructed in the purposes of the Society, please so indicate.

CANDIDATES: I do.

PRESIDENT: The Vice-President will now instruct you in these purposes and aims. Once you have heard these, if you accept membership, you will affirm the same and sign the Chapter Roll.

VICE-PRESIDENT: The purpose of Phi Sigma Tau is defined clearly in Article II of the Constitution.

<Article II of the PST Constitution should be read at this point, unless the initiation follows the Chapter Installation (which includes the reading of Article II).>

The objects of the society are: (1) to serve as a means of awarding distinction to students having high scholarship and personal interest in philosophy; (2) to promote student interest in research and advanced study in this field; (3) to provide opportunities for the publication of student research papers of merit; (4) to encourage a professional spirit and friendship among those who have displayed marked ability in this field; (5) and to popularize interest in philosophy among the general collegiate public.

These aims are expressed in the Greek motto, *Philoúnton Sophían Timé*, which means "the honor of those who love wisdom." This expresses well the character of Phi Sigma Tau. It honors academic excellence and philosophical concern. It reminds us that the quest for truth is not the province of a single culture or time or person, but that there is a unity among all those who seek knowledge. The Key of Phi Sigma Tau represents this by a pentagon, each of the five angles containing a symbol which represents one of the five great streams of world thought: Chinese, Indian, Islamic, Hebrew, and Greek.

On the certificate to be granted to you as new members, you will find a seal imprinted with the words, "Phi Sigma Tau," and the reverse side of the Athenian Silver Tetradrachma, which bears the owl, olive spray, and small crescent. This seal was chosen because of its time, 480-400 B.C., the period when Socrates was engaged in his own search for genuine knowledge.

You have heard our aims and purposes. Do you accept these as your own?

CANDIDATES: I do.

VICE-PRESIDENT: These individuals have been recommended because of their interest and excellence in the field of philosophy as deserving of membership in Phi Sigma Tau.

PRESIDENT: In token of your willingness to accept this honor, with which go all the responsibilities of membership, you will please sign the Chapter Roll as the Secretary reads your name. Your signature will be evidence of your pledge.

<New members come forward and sign the Chapter Roll.>

PRESIDENT: You are now in full membership in Phi Sigma Tau. It is our hope that you will recognize in these credentials not so much the mark of achievements completed, but rather the promise of ambitions earnestly initiated. We welcome you.

Phi Sigma Tau

OFFICERS' OBLIGATIONS

The current *PST Manual* will have been sent to all advisors in Adobe format as an email attachment. Hopefully advisors can forward or supply copies to all officers. If for some reason you are unable to receive or download the email attachment, the file can be sent on floppy disk at your request. The manual will be updated at least twice annually, and contains printable copies of all forms, instructions, and information. **We shall continue to supply standard forms in hardcopy via regular mail to all chapters requesting them.** A standard **Supply Order Form** is also enclosed for mail orders.

Since many chapter officers are newly elected, it is important to arrange a meeting with the faculty advisor early, and to set chapter plans for the academic year. Your chapter advisor will have also received the current issue of the *PST Newsletter* for distribution to members.

PRELIMINARY REPORT FOR THE YEAR

Deadline for filing your report is September 30. The information at the top of the report lists your advisor and current mailing address. If there are any corrections, make them on the report itself.

Accompanying the report form is a **Master Membership List** containing all initiated members of your chapter. 2003 graduates (as indicated on the initiation directory card) have been moved by the computer to the GRADUATE file. A listing of 2003 graduates for your chapter is also enclosed. If any of these are still on campus, we can move them back to your chapter roster as soon as we know who they are. If there are spelling or other errors on the Master List, please make corrections **on that list**, and attach it to your Preliminary Report.

Review chapter supplies carried over from last year (directory cards for new member, minutes forms, etc.). If you wish additional supplies in hardcopy, **use the Supply Order Form enclosed** and attach it to your Preliminary Report.

Fill in the names of the current officers on the Preliminary Report, and indicate when you anticipate holding your first meeting. Room has been left on the Report form for notes or questions. If you prefer, you may include minutes or a letter instead.

Please fill out and return the Preliminary Report as soon as possible, so that we may verify or update our national records for your chapter. Distribution lists for the next issues of *Dialogue* and *PST Newsletter* are taken from the updates in the Preliminary Report. **Failure to file the report will result in the chapter's not being on distribution lists for the current academic year.**

MEETINGS & MINUTES

At your meeting with your advisor, try to arrange a tentative schedule of chapter activities (including ways to publicize these on campus). Remember that your fellow students cannot participate in activities unless they are informed of them.

The **chapter secretary** should prepare minutes after each meeting, and forward these to the National Office. You may use the Minutes Form provided, or a simple letter, or email. **Do not let the minutes accumulate.** The minutes are our primary information lifeline, the means by which the National Office and other chapters maintain contact with you.

CHAPTER MEMBERSHIP & INITIATION

Some chapters hold initiations each semester or more often, others only once per year. Each prospective new member should completely fill out a **directory card**. This card is sent to the National Office with initiation fees (currently **\$25.00 per member**). The cards will be returned to you with membership certificates and other materials for the new members, and these cards should be retained for your chapter files. If you wish to have the certificates for distribution at initiation, send cards and fees at least 15 days in advance. Otherwise, they may be sent following initiation; and the certificates and cards will be sent to the advisor for distribution at the next chapter meeting.

The initiation fee of **\$25.00** entitles members to certificates, membership card, all current issues of *Dialogue*, and the *PST Newsletter* (sent to the chapter advisor for distribution to members), as well as a one-year membership in the **National Alumni Chapter (NAC)** after graduation. Benefits of NAC membership are explained in a letter accompanying each certificate, together with a card for registering when the member graduates.

All membership fees collected by the Society are returned to chapters in supplies and publications. The National Office has no salaried staff. Chapters may also assess local dues in accordance with their By-Laws. The National Constitution, By-Laws, and all other chapter forms are contained in the **PST MANUAL**, one copy of which should be part of your chapter records.

PST KEYS & STOLES

The PST Key is currently available only by order sent directly to the Erffmeyer & Son Co., Inc. (ESCO) in Milwaukee. ESCO can also provide PST graduation stoles. Please use the **ESCO Order Form** for placing orders, which must be prepaid. There is a per-order handling charge, so it is recommended that orders for multiple keys and/or stoles be placed by chapter officers rather than by individual members.

PST PUBLICATIONS

Dialogue is published twice annually: in October and April. The *PST Newsletter* is published at least three times annually as chapter reports & minutes are received. These publications, together with all other communications for the chapter, are sent to your chapter advisor for distribution to all chapter members. The *PST Newsletter* and *NAC Bulletin* are also available as disk publications, and current issues are included in the *PST Manual*.

Arranging chapter activities to make philosophy a living experience on your campus is the principal obligation of officers and advisor, but communicating with the National Office is of equal importance. Without your minutes and letters, we lose touch with you, and you lose touch with other chapters which may benefit from knowing about your activities and projects. I look forward to hearing from each of you, and to receiving your preliminary reports. The National Office exists solely to assist you. Please write us concerning plans, projects, problems, or questions.

Yours cordially,

Dr. Lee C. Rice

=====

This form may be used interchangeably with the 3.5" directory card supplied by the National Office. Each member to be initiated should complete one card **legibly and completely** and return it to the chapter Secretary or Advisor with the initiation fee (**\$25.00**).

Before forwarding cards and fees to the National Office, please check the cards for legibility and completeness. This information is entered into the PST database. Particularly important is the **Expected Graduation Date**, since this information is used to move members into the alumni/ae data base.

When cards and fees are received from the Advisor, the information is entered into the national data base, and from the data base the initiation certificates and membership packages are prepared. Each package contains, in addition to the certificate, a membership card, registration card for the National Alumni Chapter (following graduation), and return envelope. Please allow from 10-14 days for the processing of new memberships. During April and May more time may be required, but every effort is made to send the materials (via first class) as promptly as possible.

Additional supplies of the directory card or of this form may also be ordered on the **PST Supply Order Form**.

PHI SIGMA TAU
International Honor Society in Philosophy
Information Bulletin

Founded at Muhlenberg College in 1930, and subsequently incorporated as a nonprofit corporation of Washington, D.C., Phi Sigma Tau is a member of the Association of College Honor Societies. The Society's central purpose is to promote ties among philosophy departments in accredited institutions and students interested in philosophy. Both at the national and local levels, the organization of the Society is instrumental — a means for developing and honoring academic excellence and philosophical interest, and for popularizing philosophy among the general collegiate public.

Dialogue, the Journal of **Phi Sigma Tau**, is published twice annually (in October and April). Wholly devoted to the publication of articles by graduate and undergraduate students, it has a circulation of more than two thousand. The Phi Sigma Tau Newsletter appears at least three times annually, and provides an informal means for chapter communication.

Local chapters are located in private and public institutions throughout the United States and Canada. These chapters, numbering 187 in 2003, constitute the focal point of Phi Sigma Tau activities. Their officers are students at the host institutions, with faculty advisors serving as institutional and department liaisons; and each chapter enjoys a high degree of autonomy in its activities and by-laws.

The National Alumni Chapter, founded in 1971 as a means for Phi Sigma Tau members to retain affiliation following graduation, is open to all initiated members of the Society. Activities include the **Alumni Bulletin**, issued periodically, and a booklet, **Careers in Philosophy**, which appeared in 1985 and which has seen wide circulation inside and outside the Society. The Society also maintains a **Laureate Chapter**, whose members are some of the leading philosophical thinkers of our time.

National Officers are Dr. Eva H. Cadwallader (President: Westminster College), Dr. William D. Bonis (Vice President: California State University, Long Beach), Dr. Lee C. Rice (Executive Secretary: Marquette University), and the following Area Council Representatives: Dr. Don Howard (University of Notre Dame), Dr. James Sauer (St. Mary's University), Dr. Irmgard Scherer (Loyola College-Baltimore), and Dr. Ann M. Wiles (James Madison University).

Charter applications and additional information are available from the Executive Secretary. A charter petition may be submitted by five petitioners from an accredited institution, and must be accompanied by a charter fee (currently \$100.00). Ratification is by vote of the Executive Council and active chapters.

For further information, please contact: Dr. Lee C. Rice, Philosophy Department, Box 1881, Marquette University, Milwaukee, Wisconsin 53201-1881. [lee.rice@marquette.edu]

Charter Petition Form: Notes & Instructions

Approved Accreditation: The Association of College Honor Societies (ACHS) requires that petitioning institutions be accredited by one of the following agencies: New England Association of Schools and Colleges; Middle States Association of Schools and Colleges; North Central Association of Schools and Colleges; Southern Association of Schools, Colleges, and Universities; or Western Association of Schools and Colleges.

Charter Fee: This fee is currently \$100.00, and defrays costs of mailing and handling of the petition process. In requesting payment of the charter fee from the institutional bursar, the following information should be supplied: Phi Sigma Tau is a 501(c)(3) nonprofit corporation under IRS determination, and its Employer Identification Number (EIN) is 39-1959200.

Other Considerations: In examining a petition, the PST Executive Council also considers: AAUP censure status; size of department and number of members with doctorates in philosophy; and the general quality of the program and major in philosophy (including the presence of courses in the history of philosophy).

Streamlining the Petition Form: Item 10 of the Charter Petition Form request four sets of information as appendices to the petition. Some (but not all) of this information is contained in some (but not all) departmental websites. If your departmental website contains some of the requested information, the first page of the appendix to the petition should indicate: (1) the website location; and (2) the requested information in item 10 which is on the website. It is **not** necessary to include printed appendices of this information as part of the petition form.

Petition Process: The seven copies of the petition form received are distributed to PST Executive Council members for endorsement. Following the endorsement procedure, the Executive Secretary prepares a petition announcement which is circulated to all active chapters. The petition announcement summarizes the longer petition form and the recommendations of the Executive Council. Petition approval is determined by a 75% approval of active chapters, each of whose approvals is determined by a majority of its members. The PST Constitution mandates a four-week voting period on a petition. In practice, because most chapters now receive and report via email, the majority vote is usually recorded within two weeks. **Note** that petitions received during the months of June, July, and August are not submitted to chapters for vote until the beginning of the new academic year in September.

Chapter Installation: Following approval of a petition, the Executive Secretary prepares a binder containing: letter of acceptance, charter, and the current issue of the **PST Manual** (containing all forms and operating procedures). This is sent directly to the new advisor, who becomes *ex officio* a charter member of the new chapter. The new advisor may serve as installing officer. The PST Constitution also provides for inviting an external installing officer (See Article IV, Sec. 4, and By-Laws, Article I, Sec. 2).

Further Information: If you have questions concerning the process, please contact the Executive Secretary for further details.

What Is an Honor Society?

Honor Societies

The nearly fifty honor societies which make up the Association of College Honor Societies (ACHS) are as divergent as knowledge itself. From forestry to physics, from highly specialized to general areas, these member organizations exist for one basic purpose — to further **scholarship and achievement** in the academic areas of their members, thereby providing a forum where interested and competent students may communicate and exchange ideas with faculty and students of similar interest on their own campus and throughout the world.

Phi Sigma Tau

Phi Sigma Tau is the International Honor Society in Philosophy. Founded in 1930 and incorporated as a nonprofit corporation in 1955, the Society now has a network of over 180 chapters throughout the United States and Canada, at both public and private institutions of higher learning. **Phi Sigma Tau** publishes a journal, **Dialogue**, for student contributions in all areas of contemporary philosophical research. Other PST publications include the **PST Newsletter** (published three times yearly), **National Alumni Chapter Bulletin**, and **Careers in Philosophy**, a booklet published in 1985 which provides information on current careers and interests of over 400 past philosophy students. The **PST Newsletter** is sent to all students and alumni/ae members, and contains news of local chapter activities. The National Alumni Chapter (NAC) provides a medium of exchange and communication for one-time PST members who desire to retain their affiliation with the Society following graduation.

§ § §

Local Chapters

The purpose of establishing a PST chapter on a local campus is not to replace any existing philosophy club, though activities of campus clubs and discussion groups are often sponsored or co-sponsored by chapters. The PST Constitution provides a great measure of autonomy to local chapters, both in structure and activities; so that they may better respond to the intellectual needs of their own campus communities. On some campuses, PST provides the only and much welcome opportunity for student-led philosophical discussions with faculty serving as resource persons. On small campuses these meetings often stimulate philosophical interest among students not currently taking philosophy classes. On many campuses, PST chapters provide regular meetings where interested students and faculty may meet in small and informal discussion groups. On other campuses, chapters provide a locus of interest and attention for the philosophy program, and a means of extending the classroom experience to a social level. Some chapters focus meetings on formal papers or panels, others more informally on coffee hours and other social events. Though divergent in their activities, their goals are the same — to make philosophy a living experience, and to bring together students with a common interest and competence in philosophical studies.

§ § §

Local Campus Groups

Having an international organization behind local activities and clubs provides the useful function of giving cohesion and direction to their activities, as well as the establishment of contacts and communications among students and departments at other institutions. The National PST Office has as its goal the task of providing this cohesion and communication. Members of campus clubs or reading groups often constitute the population from which chapter

officers and members are drawn.

§ § §

Fees & Requirements

Membership requirements are established by the ACHS (contact the officers or advisor of your local chapter for detailed information). Initiation into PST requires a one-time initiation fee (currently \$25.00) for the International Office. Local chapters may also assess dues to meet their own campus operating expenses, and frequently receive additional funding from the philosophy department or their local office of student activities. The PST initiation fee is currently the lowest among all ACHS member societies.

§ § §

Expending of Fees

Phi Sigma Tau has no paid officers or staff, and all persons at the national and international levels work on a volunteer basis. The Society's annual budget (currently about \$10,000) is derived from initiation fees, subscription fees, and alumni/ae fees and contributions. About 90% of the national budget is expended on publications and supplies provided to members through their local chapters without further charge. The first year of membership in the National Alumni Chapter following graduation is at no cost to the member, and includes subscriptions to all PST publications (including the **NAC Bulletin**): after the first year, NAC members are required to pay a small membership fee (currently \$5.00) to defray costs of printing and mailing.

§ § §

Membership Advantages

Phi Sigma Tau, like any honor society, provides not just recognition of academic excellence, but also a means for furthering scholarship and academic communications. Achievement, like mediocrity, is its own reward. Phi Sigma Tau is not an investment with guaranteed returns. The real key to success is in the hands of the individual faculty advisors, stu-

dents officers, and chapter members. College honor societies are not social clubs or keys to instant success — they are people who share a commonality of interests, anxious to further and support scholarship, interest, ethics, and professional standards in their own areas.

Phi Sigma Tau can also provide recognition for past accomplishments in philosophy, a continuation of members' philosophical education following graduation, and even perhaps assistance or information in making subsequent career choices.

From the National Office

This issue of the *PST Newsletter* went to press in mid-June. Chapter news not processed or received thereafter will find a place in the next issue. The machine readable version contains some entries and news not present in the printed version. We are trying to keep the printed version limited to one double-sided page per issue in order to avoid increasing the costs of printing, collating, stapling, and mailing which a longer printed version would incur. The number of chapters and activities continue to increase, and the future will probably see four printed issues a year instead of three. Multiple copies of the shorter printed versions are sent to advisors for distribution to members and to NAC members. The longer machine readable (Adobe) version is also sent to advisors and NAC members, and chapter officers are encouraged to distribute the file via email to local members. This issue is also contained in the September, 2003, update to the **PST Manual**, also distributed to advisors. The **PST Manual** contains all current versions of PST forms (including the Constitution), documents, and memos. It may be requested via email by any PST or NAC member, and would be sent as an attachment in Adobe format.

The 2002-03 academic year saw a record-high level of activities and over 1100 new members initiated — together with the highest number (19) of new chapters added to the Society's network in its entire history. The *National Alumni Chapter Bulletin* for September contains a financial statement and summary of chapter activities for the year.

We would also like to extend a special welcome to the new chapters (and their advisors) installed in the spring of 2003: Colorado Beta (Colorado State University, Dr. Robert W. Jordan), District of Columbia Gamma (American University, Dr. Andrea Tschemplik), Louisiana Beta (Loyola University of New Orleans, Dr. Francis P. Coolidge), Louisiana Gamma (Xavier University of New Orleans, Dr. Thora Bayer), Maine Beta (University of Maine, Dr. Michael Howard), Massachusetts Eta (Bridgewater State College, Dr. Aeon Skoble), Missouri Nu (University of Missouri at Columbia, Dr. Andrew Melnyk), New Jersey Eta (Seton Hall University, Dr. Vicente Medina), and Ohio Xi (Mount Union College, Dr. Paul Tidman).

Our new *Dialogue* Editor, Dr. James Sauer, also completed work on the October issue of *Dialogue* (Volume 46 #1) this summer, and the issue is at press.

Advisors should receive it for distribution to chapter members by early October. Here are the contents:

Dialogue, October, 2003 [Vol. 46 #1]

Systematicity and Scientific Explanation in the *Critique of Pure Reason* and the *Critique of Judgement* (John C. C. Hughes, *Pepperdine University*)

The Birth of the Cartesian Mind (Seth Casana, *James Madison University*)

On the Possibility of Popper's Basic Statements (Charles J. Sentell, *Hendrix College*)

Could God Have Made a Better World? (Christian Wolfe, *Washington and Jefferson College*)

Book Reviews

Books Received

Note that book reviews have returned, and we hope to publish them on a regular basis. PST and NAC members should note that they are encouraged to request books listed in the *Books Received* section of current issues and to prepare brief reviews for these. Your requests should be sent to Dr. Sauer (preferably via email to jsauer@stmarytx.edu). If the book is available when your request is received, it would be mailed to you together with a *Reviewers' Style Sheet*.

The backlog of papers for forthcoming issues of *Dialogue* is not extensive at this time, and we ask that members of PST consider sharing their work and philosophical research with *Dialogue* readers by submitting papers. In addition to standard research papers, short discussion papers on specific philosophical issues are always welcome. Guidelines for prospective authors appear on the inside back cover of every issue.

During the summer also, Dr. David Gibson (Pepperdine University) worked with the Association of College Honor Societies (ACHS), whose Committee on Standards and Definitions has undertaken a general compliance review of all member societies. In order to be in full compliance with current ACHS standards, several changes in the PST Constitution will be recommended shortly. These are of a minor nature and will not involve any changes in current chapter practices. They are designed to bring the Constitution (which has not been revised in many years) in line with current practices. Chapter advisors will receive during September a list of the proposed

changes, and are asked to present them for chapter approval.

Phi Sigma Tau has had a record year for the installation of new chapters nationwide. The paperwork associated with processing petitions and setting up new chapters is extensive, and I apologize for any delays which it may have caused in replies to chapter communications. Please keep my office posted of your chapter activities, and be assured that no communications will be lost, even if there are delays during peak periods of the academic year.

I hope that the new academic year is off to a good start for all advisors and members, and look forward to receiving your news.

2002-2003 Financial Report

Below is the complete financial report for the last academic year:

(Category)	(Dollars)	(Percent)
INCOME		
Initiation fees	28,450.00	62.40
Dialogue subscrip	215.15	0.47
NAC dues	559.50	1.23
Charter fees	1900.00	4.17
Gifts	0.00	0.00
Ret-Earnings	14414.10	31.50
Other income	56.60	0.13
Total	45,595.35	100.00
EXPENSES		
Supplies	2516.22	13.75
Printing costs	1649.23	9.01
Postage	3098.12	16.93
Dialogue printing	8999.25	49.18
ACHS dues/expenses	394.00	2.15
W/S ASSIST	1150.00	6.28
Other expenses	487.70	2.70
Total	18,294.52	100.00
Ret.Earnings	\$ 27,300.83	

Supplies, printed forms, and publications (*DIALOGUE* and the *PST Newsletter*) make up the bulk of the Society's expenses. PST has no regular salaried officers or staff. These costs rise continuously, though we have made modest economies. As more and more chapters communicate through email, economies in postage and printing are also being realized.

The 2002-03 academic year was the most active in PST history. Reports of activities from 156 active chapters were high, and the mean number of chapter activities (discussions, papers, forums, films, and special chapter events) was also higher than in any previous year. For the first time in PST history, initiations went past eleven hundred. Nineteen new chapters

were also chartered nationwide, about twice the average number added to the PST network in a given year.

The **Annual Report for 2002-03** (14 pages) contains more detailed accountings of income, expenses, chapter activities, and PST projects. Any PST member who would like to receive the report (available as an Adobe Acrobat email attachment) should contact the Executive Secretary at lee.rice@marquette.edu

News of the Society

Enclosed is the September issue (#109) of the *PST Newsletter*, which contains spring and summer news from many of our chapters. If news of your own undergraduate chapter is not in the current issue of the *PST Newsletter*, then it may have arrived too late: look for it in the next issue. Note that, beginning last year, we began issuing a longer version of the *PST Newsletter* in Adobe format via email. NAC members who are on the NAC email distribution list should also have received this version via email. Keeping the printed version limited to a single (double-sided) page reduces printing, collating, and mailing costs; while the Adobe version enables us to communicate more often and more quickly with up to date news.

Beginning last spring also we were able to produce the entire *PST Manual* in Adobe format. Previously the Manual had been printed in cycles of approximately seven years; but, as new chapters were added and the Society evolved, the printed Manual became outdated long before the supply of the printed versions was depleted. The Adobe version now contains information which is up to date, as well as all printed forms, memos, history, chapter lists, and other communications (including the current issues of the *PST Newsletter* and *NAC Bulletin*. We hope to update the Manual two or three times annually, so that it may be a usable resource for all chapters. NAC members who desire to have the *PST Manual* should drop me a brief email message ("send Manual" is fine), and I'll reply with the Manual as an attachment.

NAC Membership

Membership for the NAC (August 1) is 284 members, including over 100 new members (2003 graduates). The breakdown from the listings of professions taken from the membership information form is as follows: law, 15.3%; health care, 10%; teaching, 30%; retail, 0.7%; finance 4.2%; production, 5%; data processing, 3.8%; government services, 2%; military, 1.2%; clergy, 4.6%; with 21.2% "other" (of which a good number are NAC members who are pursuing graduate or professional studies). NAC memberships come from 138 of the PST chapters, the largest numbers from Texas Epsilon (University of St. Thomas), Pennsylvania Tau (University of Scranton), and New York Nu (Fordham University). Members are currently living in 43 states, the largest numbers in Pennsylvania, New York, Texas, California, Maryland, New Jersey, and Massachusetts, with three members living abroad as well.

Membership in NAC has remained relatively stable throughout the past seven years, despite a regular influx of new members at the end of each academic year. Some graduates join for the first year, and decide against renewing for subsequent years; but many of you have been members since the inception of NAC more than twenty years ago. The *NAC Bulletin* remains an irregular occurrence, but we issue at least one each year and try to issue more. Suggestions for content, and personal news which you think would be of interest to other members, are always welcome.

§ § §

DIALOGUE

The new Editor of *Dialogue* is Dr. James Sauer, St. Mary's University, Texas. Dr. Sauer completed work on the October issue this summer, and it has been sent to press. Articles in the issue are: "Systematicity and Scientific Explanation in the *Critique of Pure Reason* and the *Critique of Judgement*" (John C. C. Hughes, *Pepperdine University*); "The Birth of the Cartesian Mind" (Seth Casana, *James Madison University*); "On the Possibility of Popper's Basic Statements" (Charles J. Sentell, *Hendrix College*); "Could God Have Made a Better World?" (Christian Wolfe, *Washington and Jefferson College*); as well as the Editor's Page, Book Reviews, and Books Received.

NAC members who are interested in any of the

titles listed in the Books Received section may request a copy of the book from the Editor (jsauer@stmary-tx.edu) to review. If the book is available when your request is received, it would be mailed to you together with a set of guidelines for reviewers. Remember to include your (snail-)mail address in any request sent to Dr. Sauer. Articles and discussion pieces on any area of philosophical interest are also welcome (see the guidelines for authors on the inside back cover of any current issue of *Dialogue*).

NAC Email Distribution List

We began the distribution list last fall, and will continue to use it to send occasional bulletins to NAC members who desire to receive them. Hopefully, as the list increases, NAC members will also forward news of interest to other NAC members to me for forwarding. Beginning this year also we have added an optional entry for email address to the NAC Registration Form included in the membership packet sup-

plied to new PST members. This will make it possible for new NAC members to be listed in the distribution list when joining, rather than to have to wait for receipt of the *NAC Bulletin* containing signup information.

To add your name/address to the email list, send an email to lee.rice@marquette.edu from the email address at which you wish to receive future bulletins. The SUBJECT entry of the email should be: **Add to NAC List**. No message is necessary, but messages will be read. NAC members on the list will receive most of the email bulletins sent to chapters, as well as occasional NAC mail bulletins.
