

ECONOMICS DEPARTMENTAL HONORS

Preparing people to lead extraordinary lives

Student must be an economics major with a GPA of at least 3.5 in all economics courses and a 3.2 GPA overall. In addition, the student must complete two honors contracts in elective courses in the economics major. An honors contract is an agreement between the student and the instructor, subject to department chair approval, to perform a specified kind and quality of course-related work that all participants in the agreement regard as appropriate for honors credit.

At the end of the semester, after the course grades are calculated, the instructor and department chair must sign off on whether or not the honors contract has been fulfilled. Fulfillment of the contract requires the satisfactory completion of the honors contract project plus at least a grade "B" in the course.
