

LOYOLA UNIVERSITY CHICAGO

Quinlan School of Business

Dear Loyola Senior:

Congratulations! You are nearing the end of your undergraduate degree program at Loyola. By submitting the Application for Graduation you are initiating the formal review of your degree requirements. It is important that you successfully complete any courses you may be in at this time and that you register for the appropriate courses in the future. This information sheet is a guide to help you determine your remaining degree requirements. You must carefully review your academic record with these guidelines. If you decide to withdraw your application, you must do so in writing and re-apply for a future graduation date.

The Assistant Dean of the Quinlan School of Business will review the graduation application. All courses still required for graduation will be listed. A copy of your evaluation will be e-mailed to your Loyola account provided on your application. **(You also need to make an appointment to go over your graduation requirements after you receive your initial audit).** In the event that mistakes are made in the initial audit, it is the student's responsibility to complete the graduation audit appointment in person to rectify any mistakes. Please call 312.915.6113 to make your appointment.
