

# PARKINSON SCHOOL OF HEALTH SCIENCES AND PUBLIC HEALTH

## HEALTHCARE ADMINISTRATION MINOR

The Healthcare Administration minor prepares students to work in healthcare settings and to understand the business side of public health and health care. The minor is built upon a foundation of Jesuit-based liberal arts, business and public policy. Students will gain:

- Basic healthcare literacy
- Introduction to a wide array of healthcare trends and issues
- Insights into the operations of the multi-faceted healthcare industry

Students adding the Healthcare Administration minor to their course of study choose from a range of classes related to the health system: healthcare fiscal management, health information technology, health policy, health equity, healthcare data analytics and more.

Interested students should refer to the Healthcare Administration website for eligibility and enrollment information: <https://www.luc.edu/parkinson>

### CURRICULUM

Two courses (6 credit hours) are required and four courses (12 credit hours) are to be selected from the elective course list.

Important: Additional courses may be required in order to complete this minor. Please review all prerequisites listed on LOCUS and consult your Academic Advisor.
