- IV. Approval of the Minutes
  - A. No Amendments Made
  - B. Minutes are approved at 4:36 PM
- V. Advisors' Reports
  - A. Chaplain (**Fr. Michael Christiana**)
    1. None at this time.
  - B. Advisor (**Dean Sheenan & Rodriguez**)
    1. Dean Rodriguez stated that at the last meeting that there was a reminder that we needed everyone's cooperation for the required health & safety practices. There have been a number of concerning reports of students not complying with the health safety practices to the point we are trying to figure out how to best address it. This will impact the most on the campus. This could possibly mostly impact those who are on campus and where we may have to go back to being remote. If you come across situations where people are not complying, please remind them.
- VI. Unfinished Business
  - A. None at this time.
- VII. New Business & Discussion
  - A. Multicultural Fund (**CFO Bello**)
    1. CFO Bello stated that he wanted to talk about the Multicultural Fund. This goes back to several years ago when Allocations realized that there has been a big difference in where out funds go from the SAF. The big or frequent events like sororities and fraternities use most of the money. This year this idea has gotten taken off due to everything we have seen with social justice matters. They wanted to originally create a fund that was funded by different schools to promote different events. This would help inform students to show that we really care about them and have their interest at heart. We are currently in talks about where we want to take it. They are currently talking with different organization leaders about what they need. He wants senators to help to facilitate ideas and take it in a direction. This should be shaped by collaboration and not just a small group of students.
  - B. The Kettle Newsletter (**Senator Bronec**)
    1. Senator Bronec stated that at the Constituency Engagement Meeting Shannon Howes asked for feedback on the Kettle. They wanted a place where resources could be centralized. It is supposed to function more as an upper-classman newsletter like that of the first-year experience newsletter. She wanted to know how you felt about it, is the formatting clear, and if you feel like it is useful.
    2. Senator Schmidt stated that the 'Academic Dates to Remember' is very helpful.
    3. Senator Thilges stated that it would be clearer if everything was in one line instead of different boxes since she looks at it on her phone.
    4. Senator Pittman stated that it needs to be advertised more so that people would know what it is and be more likely to use it.
    5. Senator Doyle stated that it connects students to resources. It could also help students connect with each other wither through RSOs or tutoring/writing center.
  - C. Mental Health Screening (**Senator Cabral**)
    1. Senator Cabral stated that he wanted to give an update. After sitting down with Senator Rafiq, they concluded that the original idea was too ambitious in its scope for now and as such more difficult to tackle. They decided to take a different approach and bring the resources to the student for a matter of feasibility and simplicity. The current goal is to write legislation that will incorporate an online screening with the enrolment process that the Wellness Center already provides. This alternative could also work in tandem with Senator Nanda's Freshman Orientation/Reorientation initiative.
  - D. CoS Dervishi stated that Spring In-Service is this weekend. No one has been excused. If there are any conflicts you must let herself, President Drescher, and AG Burris know.
  - E. Senator Thilges stated that she wanted to work on student's access to LUREC when it is safe to do so. Let her know if this is something you are interested in.

- F. Senator Bronec stated that she was just shared this video on Covid testing protocol:
