COURSE DESCRIPTION
This course introduces students to the process of writing for the screen. Through exercises and analysis of structure and storytelling fundamentals, students will develop a working sense of the art of crafting a screenplay, learning how to build a script, step by step, from an original and compelling idea. Extensive writing requirements cover all aspects of screenwriting, from creating a treatment and in-depth character bios to writing action and dialogue, culminating in the development of a beat-by-beat outline and complete Act I of a feature-length screenplay.

REQUIRED TEXTS
• The Screenwriter’s Workbook, Revised and Updated (2006), by Syd Field
• The Screenwriter's Bible, 6th Edition, Expanded and Updated (2014), by David Trottier
• NOTE: Students will also select, read and analyze FOUR produced feature screenplays from the “Script Bank” posted on SAKAI. Ideally, the four scripts you choose to study will be in your genre or otherwise comparable in tone/subject to your own project.
• You will also be reading/viewing other materials posted on SAKAI or distributed in class.

REQUIRED SOFTWARE
• Adobe Acrobat: You will submit all assignments as PDFs. No Word docs. No Celtx files.
• Screenplay formatting templates (free downloads):
  • Celtx for PC
  • Celtx for Mac
You can also use Word or Pages and set the screenplay format yourself using the standard margins and tabs laid out in Trottier’s Screenwriter’s Bible. Whichever you choose, make sure to submit every assignment as a PDF! Note that many COMM 326 assignments won’t be done in screenplay format (bios, treatments, etc.) but will be submitted in 12 pt. Courier, doubled spaced.

Mid-term review (exam): 5%  Polished scene for table read: 10%
PLAGIARISM STATEMENT
All student work must be wholly original. Plagiarism will result in a failing grade. Please read the SoC’s Statement on Academic Integrity here: www.luc.edu/soc/academics/academicintegrity/

WRITTEN ASSIGNMENTS
The focus of this course will be on constructing a story for a feature-length screenplay. Each student will develop his/her own concept through a series of cumulative written assignments:

• Original story concept & title for a feature-length film
• Genre, logline, synopsis & treatment of your story
• Developing your story’s “ordinary” + “special” worlds
• Character bios for your hero and other main characters
• Mapping and refining the major “turns” of your story
• Building your story’s key sequences
• Step outline/beat sheet for Acts I-III
• First draft of Act I (min. 20 pgs.)
• Second draft of Act I (min. 20 pgs.)
• Polished scene for table read (5 pgs.)

All assignments must be typed in 12 pt. Courier, double spaced, and emailed in a PDF by 12 noon the day before class to both bhoover3@luc.edu & ghoover@luc.edu. Your full name, assignment description (e.g. “logline”) and due date must be typed at the top of the first page of each assignment. ** Please begin your PDF filename with your LAST NAME, always. **

PRIOR TO FIRST CLASS
As you were emailed the week before class, we’ll be hitting the ground running in the very first class. So each student must bring to the table an initial story concept, however rough, that you’d like to develop over the course of the semester. Your idea will be strength-tested to ensure it has the legs to sustain a feature, and will need to be approved by your instructors before proceeding.

DEADLINES
Students are expected to complete all of the assigned readings and writing projects on time. Late work not only holds you back, but holds the class back because of the collaborative nature of the course. Late work will be automatically penalized 10 points for each day past the original due date. Moreover, assignments will not be accepted more than five business days past due.

ATTENDANCE
This class meets once a week for a total of 14 sessions. Because of the sheer amount of material covered in each session, attendance is critical. Consequently, no absence will be excused unless it is because of the death of a loved one, or due to serious personal illness or injury. Proof must be given no later than your first day back. After two excused absences, your final grade will be reduced by 2.5 points per absence. Please note that any in-class work missed because of absence cannot be made up. It is the student’s responsibility to obtain notes from classmates.

COMPUTER USE
Please be aware the occasional software bugs, viruses, human error and/or hardware failure can result in damaged, corrupted or deleted files. Therefore, it is your responsibility to routinely back up project files throughout your writing process and to deliver readable, uncorrupted files in the required PDF format. Computer failure is no excuse for lost work or late assignments. * The instructors reserve the right to revise or change anything in this syllabus. Work created in or for this course can be re-used and shared by the instructors with other students/classes.
