Italy: Summer 2019
Interdisciplinary Workshop: Culture and Identity for Sequence Two Learners is designed for teacher preparation students. This unique workshop explores Teaching, Learning and Leading for Social Justice; examines Constructive Learning Environments for Diverse Learners; and analyzes Culturally Responsive Classroom Instruction. Through visiting local Roman schools and historical sites; studying contemporary and cutting edge teaching approaches and resources; and the daily use of journals for reflective practice, teacher preparation students will explore schools as learning environments and communities. Students with goals to lead and teach students in culturally sensitive schools and inclusive classrooms will benefit from this two-week study abroad workshop.
