LUC ENVS 283 in Ecuador

Ecuador Summer 2020

Learn about Environmental Sustainability during your visit to Quito, Ecuador and the Galapagos Islands. You will visit the capital city of Quito to learn about urban sustainability, take a day trip to the Mindo Cloud Forest to visit beautiful waterfalls, a butterfly garden, and a chocolate processing plant. Then you spend over a week island-hopping in the Galapagos Islands where you will learn about the environmental history of the islands, coffee plantations, the problem of microplastics, and ecotourism and the cruise ship industry. There will also be opportunities for hiking, snorkeling, visiting the beach and seeing wildlife, and engaging in community service at various locations.
