I. Roll Call
   a. Speak Dumbauld calls meeting to order at 4:14 PM
   b. Absent: Sen. Mary Ennis

II. Visitors and Guest Speakers
   a. None

III. Approval of the Minutes.
   a. Minutes are approved.

IV. Unfinished Business.

V. Reports
   a) Standing Committees
      1). Academic Affairs (Hornik)
         1. We have not met this summer and I just want to say this semester we want to work with student and administration to do more for the students and we are looking forward to this year.
      2) Allocations (Mannam)
         1. We met on Monday and Speaker Dumbauld attended. We have budget requests next week and we are excited to get started with the organizations. In the future we are hoping to have budget request workshops to help the students under them more.
      3) Facilities and Transportation (Wild)
         1. We have not met yet and we are working on a new time for committee meetings and next week we will finalize a time. We are working with Nick and Aaron on a meeting time and a time for them to meet with us.
      4) Justice (Mifsud)
         1. We have a meeting this Thursday and it should stay consistent and we are working toward a comprehensive overhaul of new ideas and new aspects and make sure we give the students what they deserve. So that is what we have right now and we want to make sure we continue with our plans.
      5) Residents, Commuters, and Dining (Flowers)
         1. For those that live in residence halls, there are new laundry machines and we will be able to track laundry and you can see what laundry machines are open so that is going to happen in the future. We are installing printers in DeNobili and Campion. Also, we are working with Armark and helping freshmen eat healthy and make meals in the dining hall that are clean and not just fried. As of now, Armark does not have an app, so we are discussing the potential about developing an app for Armark and we would pilot the app. We would develop an app where students have the app and eliminate the punch cards and have an
app on the phone and it will keep track of your rewards on your phone. Updates with commuters, fair on 6-8PM, if anyone is available to help table for that let me know. I cannot be there but that is all I have.

6) Safety and Wellness
   1. Nothing new to report.

b) Special Committees
   1. The Fall Elections Committee
      1. We did a lot of stuff this summer with the Fall Elections Committee, a lot of branding with the organization shirts we are wearing, name tags, pens, and magnets. We are pushing really hard to promote SGLC and making students aware of SGLC and why we are aspects here and this is the postcard I handed out to you guys. This is the presentation we are giving to the freshmen. If there is any information you think we should include let me know and any questions along the way tell me. We start off talking about the organization, the committees, all the freshmen that came up to our orientation received the card. We talked about legislative, judicial, and executive branches and what they need to be aware of and what they need to turn in and we make it very clear about campaign etiquette. Internal elections are also listed in the packet and students are required to fill out a packet that list internal elections on there. So that is kind of the presentation they have. Fun facts: We had 400 freshmen sign up to be a part of our organization. I printed a ton of election packets and they are all gone. I have gotten a ton of emails from freshmen asking questions and has anyone taken a look at the election packet? You should. This isn’t just for the Fall Elections Committee; this is office hours for us to reach out.
Sen. Wild: Was the election packed you sent out for the freshmen?
Sen. Flowers: Yes, it is, freshmen can run through fall elections and transfer students can run during intern elections. Statement of Candidacy and 50 signatures are the same.
Sen. Mifsud: Can the freshmen run again if they are not elected through the freshmen elections?
Sen. Flowers: My freshmen year in 2014, the retreat was always before freshmen election. What would happen is you would have elections and the freshmen that didn’t win could run through internals elections. We are
advertising this as freshmen run in the fall and transfer and older students run in the internal elections.

Sen. Gutierrez: How many positions are available?
Sen. Flowers: 7 freshmen and 6 internal. We have had a ton of people ask about internals. My Fall Elections Committee has done a great job this summer in promoting elections on social media, posting things on Facebook, like the thing I posted on Facebook “People with Armark.”

CFO Henry: Are internal elections required to get 50 signatures?
Sen. Flowers: Yes. Under our new articles they have to fill out a packed. The whole election schedule is in the SGLC office, if you want to help, write your name on the wall. I would love to have more people there to help table. I would love to have executive and judicial there to help talk about SGLC. Candidate meetings are after this senate meeting and if this meeting goes by quickly, I will set up another table. I also want people in the office too. If freshmen have a packet, they can just go up and get a meeting out of the way. On election day, I will be in the office 9-12 to answer questions and help freshmen, so if you want to be there let me know. After senate if anyone is interested in helping table let me know because I would love to have you there.

xx) The Judicial Board (Pine)
a. We had an informal brunch to get to know each other. Sen. Carlston was abroad last year and it is great having him back. Our meetings are Sunday at 2PM in IES. I was reading the articles and I need committee by-laws, so expect an email this week.

Speaker Dumbauld: I need to meet with safety and wellness to elect a committee chairs after this meeting.

yy) The Executive Board (Chavez and Roberts)
a. I hope you all enjoyed your summers and the time to relax it was very much needed. A couple of things I want to talk about, VP Roberts is passing out welcome back cards to each of you. We are working to have the banquet Sept. 29., and a lot of administration and people of this university are coming to attend and it is a mixture of faculty and staff. This year we kind of want to, invite a speaker. We are reaching out to student activists to use that time and space to make sure students get what they want.

Speaker Dumbauld: I met with a student activist leader and they want to mend their relationship with SGLC and that bridge will be built soon.
b. We are going to invite individuals to come speak. Retreat is going to be Sept. 16-18, please don’t send me an email saying you can’t make it. It is mandatory for you to be present. So with that being said, one of the events for retreat is low ropes. I need you all to fill out these forms
c. and have them filled out by Sept. 10 and bring them to the office, I will have a tray. This is a liability form and I need you to fill this out so you all can be there. I wanted to get high ropes but it didn’t work out the way I wanted. This summer I met with Dr. Rooney, she is very excited to met with all of us and she will be coming to our senate meeting Sept. 27. It is an extreme honor for her to come here and help us out.

Attorney General Chmielewski: That meeting is at our downtown campus.

d. Just like what Sen. Flowers said, please make it a priority to get elections out and about to the student body. We want to make sure every seat is filled so please make sure to share what comes out of our communications team and tell a friend you want them here. A story that really moves me is Speaker Dumbauld invited Kristin Courage to come to a senate meeting and she didn’t want to do it. You all remember LIT?

Attorney General Chmielewski: We didn’t pass the name.

President Chavez: VP Roberts will come talk more about LIT.

e. VP Roberts: We looked at WTF Brown, it was decided by communication because it was a Loyola thing to chose LIT, Loyola Its Time. LIT should be incorporated into your talk, if it is not already there. We are getting ready for it to unleash and a lot of folks are really excited about it and we are working with our company to have the right URL and our server’s administration things work with the website. It is a little bit behind schedule, specifically how we sign in. We are hoping to get swag with it and you will all be the first know when it is ready. More information to come and your patience is appreciated and thank you for supporting the initiative.

f. President Chavez: I feel like we just dumped a lot of information on you all. I feel like we should have done this first but I was so nervous, we have our executive team here and they will be at every meeting. So if you can stand up and say your name and position and your favorite ice cream flavor.

CCO Kovathana: Hello my name is Sarah and I am studying advertising and I am new to SGLC and I am excited to be here. I am CCO and my favorite ice cream is chocolate. I am the social media guru so if you have anything for me to post let me know.

Communication Office Helstrom: I am on the communication team with CCO Kovathana. I am doing the social media and I take pictures. Send me pictures and look like you guys like each other and I will post them.

CFO Henry: I am a senior and CFO and my favorite flavor is between mint chocolate chip and rocky road.
COS Hines: I am serving as your COS, I am focusing on having a professional and personal relationship with senate and my favorite flavor is original tart at Pinkberry.

Chief Justice Pine: Hi I am Natalie, I am chief justice, you can ask me how things work. I am a junior and my favorite ice cream is chocolate or something from Pinkberry.

Attorney General Chmielewski: I am AG for this year, that means my role is to oversee the senate and what is means to follow the Articles of Governance. How many of you have read the Articles of Governance? I would encourage all of the senators to read chapter three, it relates to you guys. I think people don’t know what they can do and say. So make sure you read them and you will break one of them. Like the by-laws, which no one sent by laws, so make sure you send by laws. My favorite ice cream is vanilla.

Secretary Anderson: Hi everybody my name is Kit Anderson. I am a sophomore journalism major. Is everyone getting my emails, attachments? Yes, good. My favorite ice cream flavor is Ben and Jerry’s Chunky Monkey.

Speaker Dumbauld: I am speaker of the senate and I am allergic to ice cream but my favorite sorbet is raspberry.

President Chavez: Thank you so much and that is all from us.

Speaker Dumbauld: Ok next on the agenda is the advisors report.

zz) The Advisors Report (Moore and Mmeje)

a. Ok how many of you are ready to be here today? How many people are ready to be here today? That is okay, I am here too. Summer is a cool thing and it's a bummer it is over and this is not my saying but it is a saying I subscribe too, “If you can’t get out of it, get into it.” If this is something you can’t get into, I would say look into it, and I would say there is privilege in the room. There is access to change and there is a lot of privilege with what you do with it. I want you to sit and reflect on being here. I have to ask myself the same question, how do I get here? I encourage all of you to be here too. I guess I made an assumption you all know who I am, I do recognize most of the faces here. My name is Kimberly Moore, I am a co-advisor to all of you, I am also assistant dean of students., I oversee the office of campus and student life that is primarily the role I do. Last year I did self care tips. I didn’t do one today because I didn’t want to assume you want me to do it again. Last year when it was my turn, I gave a self care tip and I share it and give it to all of you. Ok you know my name and you want self care tip. My office is in Damen 300, if you know
b. where the smoothie bar is, it is the elevator directly to the right and anyone is always welcome. Do not be shy about reaching out. Expectations, Advisor Mmeje is my co-advisor and he is dean of students, he is a really great person. Expectation is that if you need us you reach out, if you are working on an initiative and it is just not going where you need it to go, reach out sooner rather than later. We are here to help and support you. We cannot read minds, so we ask that you do reach out. If you are contacting administration, regarding SGLC, we ask that you CC Advisor Mmeje and myself kmmeje@luc.edu kmoore5@Luc.edu. What we hate to have happen is you all reach out and contact a director of an office and they come to ask us and we have no idea what they are talking about, it is hard on us. Cool, so that is what we expect. Promotions of elections, one additional avenue, how many people in here, what is your prominent way of communicating? Text. Ok, cool. With elections, how may would feel comfortable being in a classroom with someone smart and realizing how that person is really cool? How about tapping them on the shoulder and saying coming to internal elections. It is really easy to talk to your roommate, and sorority sister and not so diverse in thought. So, is this something you can think about doing? Dr. Rooney is coming, we talked about the dates please think of how to utilize that time you only get one shot to make an impression, I am not sure if committees have met yet and it should be the first point of discussion and how you want to utilize that time with the president. Next time we will be here.

c. Advisor Mmeje: Sorry I am late, I got pulled in to a welcome week event. I am dean of students, I am looking forward to working with you and I am looking forward to bettering our student body and my office is the third floor of Damen and if you need a consult with you or your committee, I look forward to working with you and I feel familiar faces, some I don't. Thank you for having us and rock on.

Speaker Dumbauld: Thank you advisors now onto new business and discussion.

VI. New Business and Discussion
  Sen. Mifsud: The second where as clause needs and.
  Speaker Dumbauld: Would you like to move to change the amendment?
  Sen. Mifsud: I move to change the amendment, change administration to LUC.
  Sen. Mannam: I meant Loyola University Chicago and that could be struck so I made an amendment to change it. I move to make an amendment to the
legislation to strike the first whereas clause hereby referred to as LUC and the comma’s after.

Speaker Dumbauld: Does everyone understand what the motion is?
All in favor, opposed, abstain. Motion passes.

**Student Government of Loyola Chicago**

*August 30, 2016, 4:00 PM*

*Information Commons 4th Floor*

*Senate Minutes*

Sen. Mannam: I also move to make another amendment. I realized that I accidently called for the entire article to be struck and I was just notified that administration just wanted us to change the be it resolved clause, so to add to Article 21, section 5, subsection c, shall be amended to read as follows: In the cast that the SGLC is a party under an OSCCR Investigation, the Attorney General reserves the right to submit information or outcomes related to only internal investigations of SGLC, it’s members, or subgroups, to the OSCCR for consideration and possible further action.

Speaker Dumbauld: All is favor of the amendment, all opposed, abstained? The motion passes. Is that all you want to change?

Sen. Mannam: Yes.

Speaker Dumbauld: Can someone refer to Advisor Moore?

Advisor Moore: I want to clarify that we are using the new articles except Article 21, section 5, subsection C.

Sen. Mannam: Last semester, since this was the only part that didn’t get approved, I want to operate under the new articles.

Speaker Dumbauld: We are operating under the new laws and in order to do that we must omit this clause.

b. Sen. Mannam: Reading the “The Unmoderated Caucus Procedure Resolution.”

Sen. Nowak: Point of person privilege

Sen. Gutierrez: Point of person privilege.

Speaker Dumbauld: Approved.

Senator Mannam: Are there any questions?

Attorney General Chmielewski: I know it is confusing to know what is going on, so don’t be afraid to ask.

Speaker Dumbauld: Any amendments?

Sen. Diop: What is the difference between the amended version and this version?

Sen. Mannam: I wanted to include unmoderated caucus, and thought it would be easier to do in the fall. I can talk about an unmoderated caucus in simpler terms, this allows us to talk to peers about legislation so we aren’t wasting time. So you can talk to people around you.

Sen. Joseph: Is this during senate, how do you go about it?

Sen. Mannam: Yes, this is during senate. You call for an unmoderated caucus.

Speaker Dumbauld: It is the reasonability of the person to know what goes on in the caucus. The caucus does not go in the minutes.
Sen. Joseph: Is this among a group?
Sen. Mannam: It is all of senate.

Student Government of Loyola Chicago
August 30, 2016, 4:00 PM
Information Commons 4th Floor
Senate Minutes

Sen. Joseph: If I wanted to talk to Sen. Gandhi and I wanted to know what another group was saying, how do I do that because of the minutes and small groups?
Attorney General: This is kind of just so we cannot get caught up in logistics nightmares and it is convenient to put it in easier terms.
Speaker Dumbauld: When we were talking about the Loyola website names, only one person could talk at a time.
Sen. Makarious: At the unmoderated caucus can you move around?
Sen. Mannam: You can get up and move. We do not follow parliamentary procedure.
Speaker Dumbauld: Is there is motion to table this legislation to next week’s meeting?
Sen. Mifsud: I move to table the legislation to next week’s meeting.
-Retracts movement.
Sen. Mannam: I move to amend the legislation and omit the “therefore clause” and the upon approval. It will read as follows: “Therefore, be it resolved that the following changes be made to the Articles of Governance in order to provide a clear description the Unmoderated Caucus and its procedure.”
Speaker Dumbauld: All in favor to amend the legislation, opposed, abstained. The amendment passes.
Sen. Mifsud: I move to table this legislation to next week’s meeting.
Speaker Dumbauld: The motion is to table this legislation to next weeks meeting. All in favor, opposed, abstained. The motion passes.
Sen. Mannam: Defer to Advisor Mmeje
Advisor Mmeje: After the first read of documents, that legislation is automatically tabled. If the body wishes to override the legislation, you do not need to motion to table the legislation.
c. Internal Elections Update
Sen. Flowers: Is anyone available to table after this meeting?
Speaker Dumbauld: Sen. Flowers did explain the elections earlier and internal elections are two weeks away. We need people to come out, if you have friends interested in going please start the conversation.
Sen. Flowers: Defer to CFO Henry.
CFO Henry: Do internal candidate have to go to a candidate meeting?
Sen. Flowers: No, just fill out a packet. For internal elections, don’t post the packet on social media. I will change it to make it more sense for internal elections. They only need an election contract and 50 signatures.

Sen. Mannam: They do need a statement of candidacy and if you are answer questions about the packet, they must be sent to the speaker.

**Student Government of Loyola Chicago**

*August 30, 2016, 4:00 PM*

*Information Commons 4th Floor*

*Senate Minutes*

VP Roberts: Senator Flowers and Speaker Dumbauld will be communicating with our communication team and I know it can be tricky because we are running two election cycles, so if you feel comfortable to explain on your own Facebook okay, but share what our communication team posts because it is less confusing. Sharing SGLC as a Facebook post will make it less confusing.

Sen. Flowers: Question for Sen. Mannam, for the statement of candidacy, how will we utilize that?

Sen. Mannam: So we can ask for questions and get more background and have a better idea of who they are. Also, to kind of keep it consistent through all of our election processes.

VII. Announcements

   Chief Justice Pine: Expect an email from me by Thursday night. Nothing too excessive and make sure you have the by-laws to myself, Speaker Dumbauld, and Attorney General Chmielewski.

Pres. Chavez: We would like to host a potluck, the date is for this weekend, however it is labor day weekend and I don’t know how you all are feeling About that or during the week.

Speaker Dumbauld: Make a doodle.

Pres. Chavez: You have to respond to the doodle and we will never have a pot luck. Please when you receive the doodle answer it so we can get the ball rolling.

Last year we had in the SGLC calendar, that will have all our events on it so you have no excuse you didn’t know the event was happening so by next meeting you will have a calendar. All of us on executive, and everyone else, we want to make a presence and we want to get a calendar ready for all of you.

Speaker Dumbauld: Any more announcements?

Sen. Mifsud: Defer to CCO Kovathana.

CCO Kovathana: Tomorrow is the organization fair; it is an awesome place to have freshmen come get to know us. It is 3-6PM in Gentile and I got us a table so please be there.
Sen. Flowers: We will have people from the fall elections committee be there.

Speaker Dumbauld: Any more announcements? Seeing as there are none, is there a motion to adjourn the meeting?

Sen. Nowak: I move to adjourn the meeting.

---

**Student Government of Loyola Chicago**

*August 30, 2016, 4:00 PM*

*Information Commons 4th Floor*

*Senate Minutes*

Speaker Dumbauld: All in favor to adjourn the meeting, opposed, abstain. The motion passes and meeting is adjourned at 5:38PM.
