The Official Opinion of

Justices Bond, Finke, Kern, Romano

In the matter of the Endorsement of the Chief Diversity Officer Proposal Resolution

This represents the official Judicial Board opinion in the matter of The Endorsement of the Chief Diversity Officer Proposal Resolution.

The members of the Judicial Board convened in an emergency meeting on Thursday, November 29, 2012 at 9:00 PM to rule a previous vote on an outdated and unapproved form of the Endorsement of the Chief Diversity Officer Proposal Resolution invalid and cast a re-vote on the proper document as well as exercise our ability of constitutional review with regard to the legitimate Endorsement of the Chief Diversity Officer Proposal Resolution.

During our review of the legitimate piece of legislation, the Judicial Board found no unconstitutional substance in the Resolution. It is thus the official opinion of the USGA that the position of Chief Diversity Officer be created on the Loyola University Chicago campus. The legislation is passed, upheld and considered law.

Respectfully submitted,

Louis Kern
Chief Justice
