**Additional Resources for Faculty:**

- **Faculty Guide to Supporting Student Mental Health** is a helpful resource created by the JED Foundation, a suicide awareness and prevention organization.

- **The Healthy Minds Network** provides links to ongoing research into college student mental health challenges, flourishing and service delivery.

- Find out more about ongoing research into trends on college student mental health at the [Center for Collegiate Mental Health](#).

- Learn about resources for faculty adopting a [Universal Instruction Design framework](#) to promote accessibility for all students.
