“I learned valuable and empowering skills that will now carry with me for the rest of my life.”
— SARAH BUTLER, CLASS OF 2022
Loyola gives you exciting opportunities for hands-on learning. Research and community service get you outside the classroom and working with non-profits, hospitals, and Fortune 500 companies. In addition, the Loyola Undergraduate Research Opportunities Program (LUROP) lets you conduct research directly with faculty mentors.
Students can navigate easily between Loyola’s two main campuses by using the University shuttle or the city’s U-Pass, which provides unlimited use of public buses and trains.

“One of the best parts of Loyola is its value of social justice. Many social organizations included people from different backgrounds, beliefs, and interests to express themselves.”
